## CONQUEST 1980

### NO RETURN

I'm at the point of no return  
I'm watching the candle burn  
Both ends  
There's a lesson we both can learn  
This time  
So if you wanna make my day  
There's something you've gotta say  
Now please don't laugh and turn away  
This time  
I don't wanna make a fuss  
But this is the time for us  
And I ain't gonna miss the buss  
This time

No return  
So there'll be no turning back  
Once I know that you'll be by my side  
No return  
Maybe you'll give me all the love  
That you always felt you had to hide  
No return

I've come a thousand miles  
Across the ocean  
But that ain't half  
As far as my emotion  
Now I've reached  
The point of no return

While on my way down the avenue  
I had to stop for a drink or two - or three  
Now not that I was stalling you - for time  
It's just I wanted to feel my best  
And I almost passed the test  
I need your lovin' to do the rest -this time

No return - so please don't ever do  
What you've done so many times before  
No return  
Because I've made up my mind  
That this time I'll make it  
Thru' your door  
No return

I rode above the clouds  
So far below me  
But didn't get as high as  
When you hold me  
Now I've reached  
The point of no return

I'm at the point of no return  
I'm watching the candle burn  
Both ends  
There's a lesson we both can learn  
This time  
I don't wanna make a fuss  
But this is the time for us  
And I ain't gonna miss the buss  
This time

No return  
So there'll be no turning back  
Once I know that you'll be by my side  
No return  
Maybe you'll give me all the love  
You always felt you had to hide  
No return

I rode above the clouds  
So far below me  
But didn't get as high as  
When you hold me  
Now I've reached  
The point of no return

No return - so please don't ever do  
What you've done so many times before  
No return  
Because I've made up my mind  
That this time I'll make it thru' your door  
No return

I've come a thousand miles  
Across the ocean  
But that ain't half  
As far as my emotion  
Now I've reached  
The point of no return

No return ...

### IMAGINATION

Sometimes I'm certain  
Sometimes my mind is filled with doubt  
Some thoughts lay heavy here  
Sometimes I think it's figured out

Imagination  
Endless voyage of discovery  
I'm at once impatient and afraid  
Some day you may walk out on me

At least when you're with me  
I'm not afraid to live with mystery  
I'm sure you know how sad  
One night without a dream can be

Imagination, bitter-sweet companion  
As my time flies by  
Love-hate relation  
Hand in hand toward infinity

Lead me here, lead me there  
Everywhere if you really dare  
Today, tonight, tomorrow  
You don't have to take my hand  
I'll take it just the way it's planned  
Lead on, speed on, I'll follow

When you see me coming  
You're gonna know I'm not alone  
Me and my imagination  
We'll be side by side any way  
The wind is blown

Love songs and fantasies  
They've kept us busy  
Since the day we met  
Each new horizon  
Reminds us now it's not over yet

Lead me here, lead me there  
Everywhere if you really dare  
Today, tonight, tomorrow  
You don't have to take my hand  
I'll take it just the way it's planned  
Lead on, speed on, I'll follow

### FEELINGS

*Album version*

Feelings, empty feelings  
Prayin', hopin', needin'  
Just when I wanted to hold you  
You're leavin', you're leavin'  
Leavin', you're leavin'

I remember those magic nights  
Those nights when it all seemed right  
But I knew that by mornin' you'd be gone  
And though you tell me  
That it's not for long  
It ain't easy here holdin' on  
You gotta tell me where I stand

'Cause either you don't give a damn  
Or you don't even care to pretend  
Or you won't spare a thought  
Though you know it must come to an end

Feelings, empty feelings  
Prayin', hopin', needin'  
Just when I wanted to hold you  
You're leavin', you're leavin'  
Leavin', you're leavin'

You'd better know that  
I've made up my mind  
I gotta high of a different kind  
And it's gonna take me where I wanna be  
Sure I'll miss ya but I gotta choose  
You can't believe that I came here to lose  
And you ain't a winner, that's easy to see

So I'll see you around or I'll write  
And I'll send you some love  
'Cause where I wanna go  
There ain't nothing to do but move

Feelings, empty feelings  
Prayin', hopin', needin'  
Just when I wanted to hold you  
You're leavin', you're leavin'  
Leavin', you're leavin'

Feelings, empty feelings  
Prayin', hopin', needin'  
Just when I wanted to hold you  
You're leavin', you're leavin'  
Leavin', you're leavin'

## URIAH HEEP LYRICS 1980 - 2018

Feelings, empty feelings  
Prayin', hopin', needin'  
Just when I wanted to hold you  
You're leavin', you're leavin'  
Leavin', you're leavin'

### FOOLS

I know this feeling inside  
Has just made up my mind  
I'm gonna take this chance  
And do what's in my heart  
You always said that  
You'd stand by me  
And help me get along  
So understand  
I must do what's in my heart

I know this feeling inside  
Has helped me to carry on  
So as the days go by  
And the nights that never end  
You play the clubs  
And you play the game  
The next day you will find  
You'll have to try and  
Please that fool again  
Don't you know that

Fools play at games  
Don't you know that  
Fools play at games  
And I know that  
I'm not afraid of you

Fools play at games  
Don't you know that  
Fools play at games  
And I know that  
I'm not afraid of you

Day after day I feel this way  
That I need to be moving on  
You know I depend on you  
Don't get me wrong  
I'll throw the dice and  
I play the game  
And hope we get along  
Even then I won't be fooled again

So I've read your words and  
I've signed my name  
But I can't make up my mind  
If you really care or you're  
Playing your games

Fools play at games  
Don't you know that  
Fools play at games  
And I know that  
I'm not afraid of you

Fools play at games  
Don't you know that  
Fools play at games  
And I know that  
I'm not afraid of you

### CARRY ON

*Album version*

Carry on ...

So what can I do, what can I say  
Do I have to stand  
And watch you walk away  
I know there's got to be a better way  
I just can't go on living for today

I thought I heard a voice out on the wind  
And I'm sure I heard it say  
I'd find a friend  
And it said I'd find the answers in the end  
All I gotta do is carry on

Carry on

Carry on, carry on, the time is flyin'  
You need another love,  
Maybe another town  
Carry on, carry on  
Don't wait until your hope is gone  
When your last chance comes round

I'm gonna keep on looking, I won't quit  
Aggravation, it ain't gonna hurt a bit  
And I believe that  
I have seen the last of it  
There's nothing left to do but carry on

Carry on ...

### WON'T HAVE TO WAIT TOO LONG

It's a quarter to seven  
On a Saturday morning  
I open my eyes  
After the Friday night  
I don't worry about  
The rain upon my window  
'Cause where I'm going  
I know the sun will always shine

So now I'm heading away  
Down to Rio de Janeiro  
I'll be leaving all my  
Lonely times behind  
And if I'm looking for love in  
Rio de Janeiro  
There'll be someone there  
I know who'll find the time

In this golden place  
There's a smiling face I've got to find  
And I won't have to wait too long  
Before she's mine

My friends are telling me  
I'm chasing rainbows  
Or searching for the  
Gold beneath the sea  
But rainbows only shine  
When it's been raining  
And gold will never  
Keep you company

So now I'm wonderin'  
What to say in conversation  
To the lady of my dreams  
That I should meet  
If I speak to her  
The language of all nations  
Then I'm sure that she'd be  
Knocked right off her feet

And I know she will  
Then I'll love her  
Till the end of time  
And I won't have to wait too long  
Before she's mine

Well I've been happy enough in  
Rio de Janeiro  
I've got a woman here  
That I can call my own  
It doesn't matter if  
I'm living here or there  
'Cause she used to live  
Next door to me back home

So if you're thinking that  
I've settled down forever  
I'll be telling you  
You've made a big mistake  
'Cause I'll be heading away  
Down to Denver, Colorado  
There's a woman there  
I've got to try and make

She can fill the hole  
In my heart and soul  
For a long, long time  
And I won't have to wait  
Too long before she's mine

I won't have to wait too long ...

### OUT ON THE STREET

Out on the street, dead on my feet  
At the mercy of the stone-cold night  
It's hard to compete  
In a dead-end street  
With frustration in your line of sight

Do you ever stop to think  
Do you ever stop at all  
Do you have the time to feel  
And if you do  
Do you know the feeling's real

Followed a sign that pointed the way  
And I found myself  
Right back at that start  
I like to feel good  
I've tried feeling sad  
But I can't stand a broken heart

Don't wanna wait till my dyin' day  
To realise  
I guess I'm lucky in  
A strange kinda way  
'Cause it's clear before my eyes

## URIAH HEEP LYRICS 1980 - 2018

A grey cloud they say, hides a surprise  
But it rained until I lost my belief  
Just close your eyes  
We'll show you the way  
But I believe I've lost my faith

One man speaks and one man does  
While another soul wields the sword  
I hear you all, but I still can't see  
Just who it is  
Who speaks the chosen word

### IT AIN'T EASY

You make it all sound easy  
Now you've tasted all my wine  
I never wanted to hear the news  
That you'd found another man  
But it's hard to see  
What you want from me  
It's not easy to be in-between  
It's now up to you to  
Make the move this time

But it ain't easy when  
You don't know where to turn  
And it ain't easy  
But you take the chance  
The final chance to learn  
Yes, to learn  
That it ain't easy when you  
Don't know where to turn  
And it ain't easy, so you take a look  
Another look at life - look at life

'Cause it ain't what you've got  
In the palm of your hand  
And it's not what you'll get  
From another man  
That will last you  
The rest of your life, my friend

Monday morning's waiting  
Take a look at what you see  
Make the most of your life  
Don't keep the pages clean  
Baby, now you've got this chance  
Don't leave me out  
It's so hard when you're in-between  
What you need and what may never be

But it ain't easy when  
You don't know where to turn  
And it ain't easy  
But you take the chance  
The final chance to learn  
Yes, to learn  
That it ain't easy when you  
Don't know where to turn  
And it ain't easy, so you take a look  
Another look at life - look at life

'Cause it ain't what you've got  
In the palm of your hand  
And it's not what you'll get  
From another man that will last you  
The rest of your life, my friend

It ain't easy ...

#### BEEN HURT

*Released as single b-side, included as bonus track remastered CONQUEST cd.*

At the age of eighteen  
I had had enough  
And by twenty one  
I decided to get tough  
And then I found the guard  
Was still too rough

And I've been hurt  
Ever since that day  
I've been hurt and I've lost my way  
I still think I have a chance  
To find your love

Well, I tried to love you  
One day at a time  
Each day waiting  
Hoping for the sign  
It was clear I needed luck  
More than this time

And I've been hurt  
Ever since that day  
I've been hurt, well, I've lost my way  
I still think I have a chance  
To make you mine

My empty heart is  
Counting all the ways  
Fire and desire  
Sat and count days  
Will you, won't you  
When and where  
Do you, don't you, do I care  
That same eternal question  
Is always there  
It's always there

And I've been hurt  
Ever since that day  
I've been hurt and I've lost my way  
I still think I have a chance  
To make you mine

And I've been hurt  
Ever since that day  
I've been hurt and I've lost my way  
I still think I have a chance  
To make you mine

I've been hurt  
And I've lost my way

## URIAH HEEP LYRICS 1980 - 2018

### LOVE STEALER

*Released as a single, included as a bonus track on remastered CONQUEST cd.*

She's got an eye on you  
There's nowhere to hide  
She keeps her motives still  
Deep down inside  
She shows no mercy, no  
She plays it rough  
She don't want no money  
She just wants to love

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

She walks in the shadows  
As she waits for the night  
She gets what she's looking for  
She knows how to fight  
If you see her coming  
Then you'd better know  
If your love's for the taking  
She'll steal the show

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

She just can't go round there first  
Facing the joint  
Then she'll move in  
And get right to the point  
So keep your love locked away  
Don't let it show  
Or the love stealer will rock you  
For more than you'll know

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

Love stealer, raw dealer  
Heart breaker, love taker  
Yeah yeah ...

### LYING

*Out-take, included as a bonus track on remastered CONQUEST cd.*

You're lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' me  
What I should be  
You're lyin', lyin', lyin', lyin'

Don't let love make a fool of you  
Love is meant to tellin' truth  
And never any lies  
Came to me by seein' truth  
In each other's eyes  
Each other's eyes

What kind of a fool  
Do you think I am?  
'Cos I have no money  
Does it mean I'm half a man?  
You know that I will give you all  
Give you all that I can

You're lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' me  
What I should be  
You're lyin', lyin', lyin', lyin'

Tellin' lies can only break you in two  
You tell the biggest solo  
What do you hope to gain?  
If I were you then I would  
Try to make amends  
I'll tell all my friends

You're livin' in a world of dreams  
But it's too late to change  
Your way of life, it seems  
So you just carry on  
The best way you know how  
You know how

You're lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' me  
What I should be  
You're lyin', lyin', lyin', lyin'

You're lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' me  
What I should be  
You're lyin', lyin', lyin', lyin'

Lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' me  
What I should be  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' everyone it's me  
You're lyin', tellin' everyone it's me

#### THINK IT OVER (vocals John Sloman)

*Released as a single, included as a bonus track on remastered CONQUEST cd.*

I've had all I can take  
I've taken just too much  
I've made a big mistake  
That put me out of touch  
I don't think I can face  
Another single day  
Without a call from you  
To take this pain away

So many tears ago  
You turned and walked away  
It could've been the end  
But I knew better  
I had to tell myself  
There'd be another day  
She wants to call it quits  
But don't you let her

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Forgetting you is out  
And I ain't givin' in  
The fuss was down to you ???  
But it's not over  
You have to face the truth  
I'm still in love with you  
I have to make you see  
That it's not over

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Well think it over, babe

Think it over ...

## URIAH HEEP LYRICS 1980 - 2018

I was waiting for somebody  
This afternoon  
Hope that she remembered  
Our rendezvous  
And when she didn't show  
Just like yesterday  
I do the last, I'll find another way

One night I saw the stranger  
Across the hall  
I knew he was the reason  
Why she didn't call  
I wish I had imagined  
Or dreamt the lot  
But the heart didn't choose  
The pain I've got

Now she's turning me inside out  
Upside down  
And me heart is all a roundabout  
Spinnin' round

She's turnin' me inside out  
Inside out  
She's turnin' me inside out  
Inside out

Now he's got all so melt  
With a diamond ring  
And she was thinking through  
Almost anything  
She's like a shadow going up  
Seventh avenue  
But so what, she's only going  
Where she's didn't to

I just got one thing to say  
Just before I go  
Since he was the offender  
I want her to know  
Now my mind has got me the day  
I'm watching to  
I'll never raise a thought  
Of what she'd done

Now she's turning me inside out  
Upside down  
And me heart is all a roundabout  
Spinnin' round

Now she's turning me inside out  
Upside down  
And me heart is all a roundabout  
Spinnin' round

She's turning me

Now she's turning me inside out  
Upside down  
And me heart is all a roundabout  
Spinnin' round

She's turning me

Now she's turning me inside out  
Upside down  
And me heart is all a roundabout  
Spinnin' round

#### PLAYING FOR TIME

*Released as a single b-side, included as a bonus track on remastered HEAD FIRST cd.*

Travel down the road of heartache  
Hear an echo in my mind  
I've played with fire, burned my fingers  
Now I'm gonna take my time  
You don't have to shout about it  
Can't you see it obvious  
Feel it's getting close to comfort  
Why you makin' such a fuss?

Take your time with what you're doin'  
And you'll see the skies appear  
Seen and heard it all before her  
Now you understand my fear  
Can't you see the time will tell us  
How it's gonna always be  
You can wrap me around your finger  
And I ain't no mystery

Playing for time  
That's all I can do  
I'm playing for time  
Before I fall in love with you

You can push me every which way  
Hey I got no place to fall  
Guess you're gonna rue your bullshit  
When your back's against the wall  
Louder now that's what the games go  
And I bought the devil now  
You can get to dream about it  
I won't need one anyhow

Playing for time  
That's all I can do  
Playing for time  
Before I fall in love  
Playing for time  
That's all I wanna do  
Playing for time  
Before I fall in love

Oh, you don't have to shout about it  
Can't you see it obvious  
Feel it's getting close for comfort  
Why you making such a fuss?  
Travel down the road of heartache  
Hear an echo in my mind  
Played with fire, burned my fingers  
Now I'm gonna take my time

Playing for time  
Before I fall in love with you  
Playing for time  
That's all I want to do  
Playing for time  
Before I fall  
Playing for time  
All I wanna do

Playing for time  
I'm playing for time  
Before I fall  
Playing for time  
Before I fall in love with you  
Playing for time  
I'm playing for time

#### VALLEY OF KINGS

*Out-take, released for the first time on A TIME OF REVELATION compilation.*

I've been thinkin' about it  
I've been thinkin' a lot to tell you  
I've been thinkin' it over  
I've been thinkin' of how to show you  
Whoa, my love  
You, my love

I've been thinkin' about you  
I've been thinkin' of how to show you  
I've been thinkin' it over  
I've been figurin' how to tell you  
You, my love  
You, my love

Ain't no secret  
Yes, it's true  
I don't know what I'll do  
Ain't no secret  
Guess it's true  
I'd be lost without you  
Ain't no secret  
Yes, it's true  
I'd be lost without you  
Without you

I've been thinkin' it over  
I've been thinkin' of how to show you  
I've been thinkin' it over  
I've been figurin' how to tell you  
You, my love  
You, my love

In the valley of kings  
In the valley of kings  
In the valley of kings  
In the valley of kings  
In the valley of kings  
In the valley of kings

#### I'M ALIVE AGAIN

*Out-take, released for the first time on remastered STILL 'EAVY STILL PROUD compilation cd.*

So many questions  
So many lies  
Truth has been hidden  
Behind your eyes  
But I'll survive  
Oh, I'm alive

## URIAH HEEP LYRICS 1980 - 2018

Look for the answers  
Try to understand  
Fight when you have to  
Run if you can  
But I'll survive  
Yeah, I'm alive

Look closely at the stars  
I'm a man of broken dreams  
But I'm alive again  
Oh yeah, I can bleed  
I'm a man of broken dreams  
When I'm alive again  
Oh yeah, come see me bleed  
I'm a man of broken dreams  
But I'm alive again

Don't take no prisoners  
That's what you said  
I was burned, I was broken  
Lost and left for dead  
But I'll survive  
Oh, I'm alive

Look closely at the stars  
I'm a man of broken dreams  
But I'm alive again  
Oh yeah, I can bleed  
I'm a man of broken dreams  
But I'm alive again  
Oh yeah, I'm alive again  
I'm alive again  
Come see me bleed  
I'm alive again  
I'm alive again

#### TOO SCARED TO RUN

Too scared I could not run  
I could not make a sound  
Lights were flashing  
My whole life passing  
My feet were stuck to the ground

Too light to call it night  
Too dark to call it day  
Too scared to stay and fight  
Too scared to run away

So scared I could not move  
I could not make a sound  
There were people running  
People shouting  
Flashes all around

Too scared to run  
Too scared to run away  
Too scared to run  
Too scared to run away

Too scared I could not think  
My eyes could not scarcely see  
My heart was racing  
My legs were shaking  
They would not carry me

Too scared to run  
Too scared to run away  
Too scared to run  
Too scared to run away  
Too scared to run away  
Too scared to run  
Too scared to run away

Too scared I could not run  
I could not make a sound  
Lights were flashing  
My whole life passing  
My feet were stuck to the ground

Too light to call it night  
Too dark to call it day  
Too scared to stay and fight  
Too scared to run away

Too scared to run  
Too scared to run away  
Too scared to run  
Too scared to run away ...

Lights were flashing  
My whole life passing  
My heart, my heart  
My heart was racing  
My legs were shaking  
Could not see, I could not see

#### CHASING SHADOWS

Safe in the shadows  
Deep in the night  
I know you're near  
But you're nowhere in sight  
Safe from the darkness  
Down in the streets  
I hear your footsteps  
I hear your heartbeat  
Oh, I can hear your heartbeat

On the street corner  
Away from the light  
I know you're near  
But you're nowhere in sight  
Over my shoulder  
I feel you're near  
I feel you moving  
But you never appear

Chasing shadows  
Chasing something I can't see  
Chasing shadows  
Will I ever be free  
Chasing shadows  
Into the darkness from the light  
Chasing shadows  
I'm just a victim of the night, the night

Cloaked in darkness  
You play at your game  
I hear you breathing  
Call out your name  
Closer, closer, I feel you so near  
You're just a shadow  
But you never appear

Chasing shadows  
Chasing something I can't see  
Chasing shadows  
Will I ever be free  
Chasing shadows  
Into the darkness from the light  
Chasing shadows  
Another victim of the night, the night

Shadows in the night  
Safe from the darkness  
Deep in the night  
I know you're here  
You're nowhere in sight  
Over my shoulder  
I know you are near  
I feel you moving  
Will you ever appear

Chasing shadows  
Chasing something I can't see  
Chasing shadows  
Will I ever be free  
Chasing shadows  
Into the darkness from the light  
Chasing shadows  
I'm just a victim of the night, the night

Chasing shadows  
Chasing something I can't see  
Chasing shadows  
Will I ever be free  
Chasing shadows  
Into the darkness from the light  
Chasing shadows  
Another victim of the night  
Chasing shadows  
I'm chasing something I can't see  
Chasing shadows  
Will I ever be free  
Shadows in the night

#### ON THE REBOUND

On the rebound, on the rebound  
That's how you fell for me  
That's how you changed my life  
You cut me like a knife

On the rebound, on the rebound  
You came, you saw, you took  
It only took one look  
And lady, I was hooked

On the rebound - it's a replay  
On the rebound - it's a replay  
On the rebound - it's a replay

## URIAH HEEP LYRICS 1980 - 2018

Your love was on the rebound  
On the rebound  
You came and took my soul  
You came and left a hole  
Where your love used to be

On the rebound, on the rebound  
You like to drown in your tears  
And after all these years  
You give your pain to me

On the rebound - you came to me, babe  
On the rebound - to set you free  
On the rebound - too bad for me  
Your love was on the rebound

On the rebound - it's a replay  
On the rebound - it's a replay  
On the rebound - it's a replay  
On the rebound

On the rebound - You came to me  
On the rebound - To set you free  
On the rebound - To pray for me  
On the rebound - It's a replay  
On the rebound - You came to repay  
On the rebound - It's a replay  
On the rebound - To set you free  
On the rebound - Just a replay  
On the rebound - Your love was  
On the rebound - Just a replay  
On the rebound ...

### HOT NIGHT IN A COLD TOWN

Sonny's out strolling, ambling slowly  
Washed in amber street lights  
A Mexican wind blows in  
Takin' ahoid of Angelina's hair  
And her halo  
Motors runnin', muffling the sound  
Of the street talk  
A big deal's goin' down

In another hot night in a cold town  
Got yourself a hot night in a cold town

Johnny's got spare change  
In his pocket  
A ring and a watch  
To hock for a sweet ride  
A one way ticket  
Hidden in his shoe  
These last few hours  
He says he'll spend with you  
He's leavin' home without a trace  
No forwarding address  
He'll never have to face another

Hot night in a cold town  
Got yourself a hot night in a cold town

Well, the losers and the groovers  
And the corner boys are hangin' around  
Runnin' in and out of doorways  
Up and down the stairways  
Stray dogs headed for the pound

In another hot night in a cold town  
Got yourself a hot night  
In a cold, cold town

Cold town

It's just another hot night in a cold town  
It's just another hot night in a cold town  
Just another hot night in a cold town  
It's just another hot night  
In a cold, cold town  
Such a cold town

### RUNNING ALL NIGHT (WITH THE LION)

I've been waiting for my lady  
One hour - she finally came  
She came walking by my table  
And I'm thinking  
What's this fox's game  
To be honest, I was ready  
To play that white witch's game  
And I knew that she was ready  
To cut loose on the town and meet  
Somebody new for a change

When you're running all night  
With the lion  
Running all night with the lion  
Running all night with the lion  
Running all night with the lion

I may not recall exactly  
How I got her to sit down  
She was sitting at my table  
And I'm making out like a clown  
Oh, she'll make me very happy  
When she showed her fallen again  
And I knew that she was ready  
To cut loose on the town and meet  
Somebody new for a change

When you're running all night  
With the lion  
Running all night with the lion  
Running all night with the lion  
Running all night with the lion

Rock'n'rollin' ladies  
Good life to the games you can't win  
We'll drink right at my table  
And we'll talk till it's time to go in  
This could be something heavy  
If only you'd show me a sign  
And something says you're ready  
To cut loose on the town and meet  
Somebody new for a change

When you're running all night  
With the lion

Running all night with the lion ...

### THAT'S THE WAY THAT IT IS

I've been thinking about  
What you said last night  
And for all your fine words  
You still don't have it right

'Cause that's the way that it is  
And you won't ever change  
You can scream at me  
But the powers that be  
Won't ever hear your voice

'Cause they're lost in their own  
importance  
No, they'll never hear your voice

'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it

I've heard all your stories  
Of how the few can be strong  
And how you'll fight to the end  
Just to prove me wrong

'Cause that's the way that you are  
And you won't ever change it  
But don't come cryin' to me  
If your fanciful schemes  
Don't turn out like you planned

'Cause you're chasin' after something  
That keeps slippin' through your hand

'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it

That's the way that it is  
And you won't change it

'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is  
And you won't ever change it  
'Cause that's the way that it is

### THE PRISONER

Time has come to say goodbye  
To the broken memories  
They're locked inside like prisoners  
In a place that no-one sees

## URIAH HEEP LYRICS 1980 - 2018

Stayed up late with a friend of mine  
Southern Comfort till dawn  
We talked about the pains of love  
Should've known from the start  
You were wrong

I'm just a prisoner  
Don't wanna lock myself away  
Prisoner - I get so lonely, lonely  
I'm a prisoner  
Just when do you think love will stay  
It walks right out on you - out on you

Tired blood runs through my veins  
But I can't get no sleep  
You lock my heart  
In these prison walls  
This place I've got to leave

I'm a prisoner  
Don't wanna lock myself away  
Prisoner - I get so lonely, lonely  
I'm a prisoner  
Just when do you think love will stay  
It walks right out on you - out on you

The sky is grey, it's raining  
Like the storm in my heart  
There ain't no use explaining  
'Cause I'm leaving, leaving

Time has come to say goodbye  
To the broken memories  
They're locked inside like prisoners  
In a place that no-one sees

I'm just a prisoner  
Don't wanna lock myself away  
Prisoner - I get so lonely, lonely  
I'm a prisoner  
Just when do you think love will stay  
It walks right out on you - out on you

I'm just a prisoner  
I don't wanna lock myself away  
Prisoner - I get so lonely, lonely  
I'm a prisoner  
Just when do you think love will stay  
It walks right out on you - out on you

Prisoner  
Won't somebody set me free  
Prisoner  
Take me away from this misery  
Prisoner  
I get so lonely  
Prisoner  
I get so lonely, lonely, lonely  
Prisoner  
Won't somebody set me free  
Prisoner  
Please, please, set me free

### HOT PERSUASION

You know you light my candle  
You know you load my gun  
You're way too hot to handle  
There's nothing we ain't done

Give me your love  
Give me that hot persuasion  
I can't get enough  
Give me that hot persuasion  
Give it to me!

Mouth full of hot persuasion  
You face me upside down  
A love for all occasions  
You won't catch me foolin' around

Give me your love  
Give me that hot persuasion  
I can't, can't get enough  
Give me that hot persuasion

I need to know you're near me  
I need you by my side  
You keep my tank on empty  
You keep me up all night

Give me your love  
Give me that hot persuasion  
Oh no, can't get enough  
Give me that hot persuasion

Give me your hot persuasion  
I can't get enough, get enough  
I've done hot persuasion

### SELL YOUR SOUL

I got a solid silver reason  
I got a solid gold alibi  
I've spent my life playing rock'n'roll  
I wouldn't tell a lie  
Well if you want to taste the freedom  
Just let the music take a hold  
I'm possessed by rock'n'roll

There's a thunder  
See it and wonder  
How to play the game  
It's easy

You know we're gonna live forever  
You know we're never gonna die  
You see it's written  
Across the sky tonight  
I'm gonna tell you why  
Because they've covered up the exits  
We got a spotlight just for you  
I'm possessed by rock'n'roll

Hear me calling  
Stars are falling  
Taking me away

Stand up - shout it out  
I'm possessed by rock 'n' roll  
Stand up - shout it out  
Sell your soul  
Stand up - shout it out  
Let the music take a hold  
Stand up - shout it out  
Rock 'n' roll

Can't you feel we're getting stronger  
Getting stronger every day  
There ain't nothing gonna stop us  
Oh, there ain't no way  
It's like a rolling ball of thunder  
You know it's never gonna stop  
You know it's gonna drag you under

See me soaring  
Thunders roaring  
Feels afraid again

Stand up - shout it out  
I'm possessed by rock 'n' roll  
Stand up - shout it out  
Sell your soul  
Stand up - shout it out  
Let the music take a hold  
Stand up - shout it out  
Rock 'n' roll

I got a solid silver reason  
I got a solid gold alibi  
I've spent my life with rock'n'roll  
Oh no, would I lie  
But if you want to taste the freedom  
Just let the music take a hold  
I'm possessed by rock'n'roll

There's a thunder  
See it and wonder  
How to play the game  
It's easy  
It's gonna drag you under  
Gonna take your heart and soul  
You gotta shout, shout, shout it out  
It's gonna take a hold of your soul  
Can't keep you under

### THINK IT OVER

I've had all I can take  
I've taken just too much  
I've made a big mistake  
That put me out of touch  
I don't think I can face  
Another single day  
Without a call from you  
To take this pain away

So many tears ago  
You turned and walked away  
It could've been the end  
But I knew better  
I had to tell myself  
That there'd be another day  
She wants to call it quits  
But don't you let her

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Why don't you think it over

## URIAH HEEP LYRICS 1980 - 2018

Forgetting you is out  
I ain't givin' in  
The fuss was down to you ???  
But it's not over  
You have to face the truth  
I'm still in love with you  
I'll have to make you see  
That it's not over

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Why don't you think about it, babe

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

Can't you see  
There's a chance for you and me  
Think it over  
Don't believe  
In the things that may not be  
Think it over

#### TIN SOLDIER

*Released as a single b-side, included as a bonus track on remastered ABOMINOLOG cd.*

I am the little tin soldier  
That wants to jump into your fire  
You, oh, look in your eye  
A dream passing by in the skies

I don't understand  
All I need is to treat me like a man  
I ain't no child, take me like I am

I've got some love that belongs to you  
I'll do anything that you want me to  
I'll sing any song that you want me  
To sing to you

All I need is your whispered hello  
Smile smelting the snow, nothing heard  
Your eyes, oh, deeper than time  
I see a love that won't  
Rhyme without words

So now bless my way  
I need help to show me things to say  
Give me your love  
Before mine breaks away

I've got some love that belongs to you  
I'll do anything that you want me to  
I'll sing any song that you want me  
To sing to you

I don't need no aggravation  
I just got to make you  
I just got to make you understand

I've got some love that belongs to you  
I'll do anything that you want me to  
I'll sing any song that you want me  
To sing to you

I am the little tin soldier  
That wants to jump into your fire  
You, oh, look in your eye  
A dream passing by in the skies

I don't understand  
All I need is to treat me like a man  
I ain't no child, take me like I am

I've got some love that belongs to you  
I'll do anything that you want me to  
I'll sing any song that you want me  
To sing to you

I just want some reaction  
Someone to give me satisfaction  
I love you

#### SON OF A BITCH

*Released as a single b-side, included as a bonus track on remastered ABOMINOLOG cd.*

He's the son of the bitch  
He's the son of a fool  
Sign of the times  
No exception, he's the rule  
He's down on his luck  
He's down on his knees  
Cut really deep  
He knows how to bleed

He's the son of the dog  
You'll see him run with the pack  
He won't look you in the eyes  
He'll stab you in the back  
The son of the dog  
Only runs with the pack  
He'll take your life  
He won't look back

Son of a - he's a son of a bitch  
He's a son of a - He's a son of a bitch

Hear the woman of the streets  
She never learned how to cry  
She'll spread her wings  
She'll never fly  
Woman of the night  
She hangs like a bat  
She'll scratch at your eyes  
Fight like a cat

Hear the lost, hear the lonely  
Hear the fool, that won't get to see  
Hear the lost, hear the lonely  
And don't, don't pity me

Don't pity me  
Son of the bitch  
He's a son of a -  
Oh, the son of a bitch

He's the son of the poor  
The son of the rich  
The son of the dog  
The son of the bitch  
Woman of the night  
Hangs like a bat  
She'll scratch at your eyes  
She fights like a cat

He's the son of the bitch  
He's the son of a fool  
A sign of the times  
No exception, he's the rule  
Down on his luck  
Down on his knees  
Cut really deep  
So he knows how to bleed

He's a sign of the times  
He's the son of a -  
Son of a bitch  
The son of a bitch  
He's a son of a bitch

#### THE OTHER SIDE OF MIDNIGHT

Late at night I'll be knocking  
On your door  
Late tonight I'll be calling  
You can be sure  
I'll be waiting  
Standin' in the shadows once again  
Sneakin', creepin'  
Howling like a tom cat once again

Oh, there'll be  
Nowhere you can hide  
When I take you  
On the other side of midnight

## URIAH HEEP LYRICS 1980 - 2018

You know I don't love you  
But I love what you can do  
Some more of that hot persuasion  
This time it's just like you

Oh, there'll be  
Nowhere you can hide  
When I take you  
On the other side of midnight  
I'll be knockin'  
The other side of midnight  
I'll be callin'  
The other side of midnight  
Knock, knockin'  
The other side of midnight

I'm gonna take you  
I'm gonna make you  
At midnight, at midnight

Late at night  
I'll be knock knock knockin'  
On your door  
I said late tonight I'll be callin'  
You can be sure  
I'm gonna take you  
Oh, it's gonna hurt so good  
I'm gonna make you do  
What a bad girl should

Oh, there'll be nowhere to hide  
When I take you  
On the other side of midnight  
The other side of midnight  
I'll be knockin'  
The other side of midnight  
I'll be callin'  
The other side of midnight  
On the other side  
I'll be waitin', I'll be callin'  
The other side of midnight  
I'll be knock knock  
Knockin' at midnight

### STAY ON TOP

Everybody got somebody  
Trying to make you feel real bad  
Ain't none of their business  
Talking behind your back  
Be strong in yourself  
Stand up - walk away  
Nobody gives a damn for a  
Single thing you say

I'm singing  
Stay on top - never go under  
Lightning strikes  
Before you hear the thunder  
Stay on top - never go under  
Hold on tight  
Here comes the thunder

Hide money in your pocket  
Be nobody's fool  
Always think I'm number one  
That's my golden rule  
Take care of business  
Go for it with the best  
Be strong enough to take it  
Ain't no need to rest

I'm singing  
Stay on top - never go under  
Lightning strikes  
Before you hear the thunder  
Stay on top - never go under  
Hold on tight  
Watch out for the thunder

Bad times make you cry  
But the good times get you high  
I can't stand it  
I can't stand it no more  
I can't stand it  
I can't stand it no more  
I can't stand it  
I can't stand it  
I can't stand it no more

Somebody, everybody  
Trying to make you feel real bad  
Ain't nobody's business  
Talking behind your back  
Be strong in yourself  
Stand up - walk away  
Nobody's gonna listen  
To a single word you say

Stay on top - never go under  
Lightning strikes  
Before you hear the thunder  
Stay on top - never go under  
Hold on tight  
Look out for the thunder

Stay on top  
You've got to stay on top  
Stand up and sing it  
Stay on top  
Take care of business  
Stay on top

### LONELY NIGHTS

Will you risk your reputation  
I don't know  
You just don't know  
What you're saying anymore  
You know beggars  
Can't be choosers  
And it's fair  
We may win, we may be losers  
I don't care, no no no

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

I hear every word you're saying  
They're all lies  
But with every breath you're taking  
You're thinking of  
Ways to say goodnight

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

Baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night  
Come on over  
Come and save me

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

Oh baby, I just can't stand  
Another lonely night  
So come on over and save me  
Save me from another lonely night

### SWEET TALK

I see your face in  
The magazine stand  
I wanna hold you in the palm  
Of my hand  
I love everything about you  
You're such a long way away

Your sweet talk  
Ain't enough for me  
I may be deaf, but you're  
Too blind to see

You're gonna break my bones  
With your feminine tones  
But I don't wanna hear

Your sweet talk tonight  
Not again tonight  
When I call tonight  
Don't wanna hear your  
Sweet talk tonight

I hear your voice on the radio  
It's gettin' so bad I don't know  
Which way to go  
Why don't you wake up girl  
You're such a long way away

## URIAH HEEP LYRICS 1980 - 2018

Your sweet talk ain't enough  
You see, I need a woman  
Who's a woman to me

You're gonna break my bones  
With those feminine tones  
But I don't wanna hear

Your sweet talk tonight  
Not again tonight  
When I call tonight  
Don't wanna hear your  
Sweet talk tonight

Oh, I don't wanna hear it  
Not tonight

You're gonna break my bones  
With your feminine tones  
But I don't wanna hear

None of that sweet talk tonight  
Oh, not again tonight  
When I call tonight

Sweet talk tonight  
Not again tonight  
When I call tonight  
Don't wanna hear your sweet talk

Don't wanna hear your sweet talk tonight  
Not again tonight  
When I call tonight  
Don't wanna hear your sweet talk

Don't wanna hear your sweet talk tonight  
Not again tonight  
When I call tonight  
Don't wanna hear your sweet talk

### LOVE IS BLIND

I tried to give you love  
That was ever flowing  
I tried to give a love  
That could be so true  
But you wanted less  
Than I had to offer  
What was I to do

I tried to bare a soul  
That would swear devotion  
I tried to promise dreams  
I would make come true  
But you said that love was  
A game for children  
Here I stand, a fool

Love is blind  
Blinded by love  
You're all I can see in my eyes  
My mind says, stop  
But my heart says, go  
And oh, how it hurts to find  
It's true when they say that  
Love is blind  
Love is blind

I told myself if there  
Was a chance to show you  
Just how good a love affair could be  
But love was something that  
You had never given  
I just couldn't see

I closed my eyes to all that  
You never gave me  
Miracle my heart didn't wanna see  
How you played around  
And how well you showed me  
How wounded love can be

Love is blind  
Blinded by love  
You're all I can see in my eyes  
My mind says, stop  
But my heart says, go  
Oh, how it hurts to find  
It's true when they say that

Love is blind  
Love is blind - so blind

Love is blind  
Blinded by love  
You're all I can see in my eyes  
My mind says, stop  
But my heart says, go  
Oh, how it hurts to find  
It's true when they say that  
Love is blind

Love is blind  
Blinded by love  
You're all I can see in my eyes  
My mind says, stop  
But my heart says, go  
Oh, how it hurts to find  
It's true when they say that  
Love is blind

Love is blind

### ROLL-OVERTURE (instrumental)

### RED LIGHTS

Red lights - on the highway  
Headlights - blinding my eye  
Red lights - keep me waiting  
White lights - drive me insane  
Red lights - in the city  
Streetlights - hide in the night  
Searchlights - I'm looking for someone  
Red lights - young blood's alright

Try as I can but  
I can't keep away  
No no no no way

Red lights - she knows what I'm here for  
Headlights - look me in the eye  
Red lights - are you looking for danger  
White lights - drives me insane

Try as I can but  
I can't keep away  
No no no, not for one day

Red lights - no questions  
Streetlights - youth's desire  
Red lights - burning desire  
White lights - put you to bed  
Red lights - in the city  
Streetlights - shadow the night  
Sunshine - if you need some one  
Headlights - that young blood's alright

Try as I can but  
I can't keep away  
Not today  
She brings me to my knees

Try as I can but  
I can't keep away  
I want you babe

Red lights - Oh, I want you  
Red lights - I need it  
Red lights - you get too heavy  
Red lights

### ROLLIN' THE ROCK

Feels so cold, so alone  
An empty stage, no one home  
I feel so strange, so scared  
No point in screaming  
I won't be heard

You're so cold, you're so cool  
It's so dark in this tomb

Time has come so soon  
And time takes no prisoners  
Except in the womb  
There's no way out, no escape  
This silence is deafening  
I have to cry out

You're so cold, you're so cool  
It's so dark in this tomb

Roll away the rock  
Roll the rock away  
Roll away the rock  
Roll the rock away

Set me free from this grave  
Am I forgiven, can I be saved?  
You've been so cold for so long  
This silence is deafening  
Was I so wrong?

You're so cold, you're so cool  
It's so dark in this tomb

Roll away the rock  
Roll the rock away  
Roll away the rock  
Roll the rock away  
Roll away the rock  
Take that rock and roll it

## URIAH HEEP LYRICS 1980 - 2018

Roll away the rock  
You gotta roll the rock away  
Roll away the rock  
Roll the rock away

Roll the rock away  
Take that rock and roll it  
Roll it away  
You gotta roll the rock away  
Take that rock and roll it  
Roll it away  
This silence is deafening  
This silence is deafening

### STRAIGHT THROUGH THE HEART

You came on like an angel  
I didn't see the evil in your eyes  
I could see but I was blinded  
Oh, believed your lies

You hit me with your promises  
You shot me, I fell to the ground  
Your promise of tomorrow  
When I looked  
You were nowhere to be found

You set me up right from the start  
Stripped me of my dignity

You got me straight through the heart  
I never did stand a chance  
You got me straight  
Through the heart  
You cut me and left me for dead

You promised me a heaven  
Turned out to be  
One hell all the time  
The truth that you're pretending  
Was just a chorus of lies

You set me up right from the start  
Strip me of my dignity

And got me straight through the heart  
I never did stand a chance  
Got me straight through the heart  
You cut me and left me for dead  
You cut me and left me for dead

You came on like an angel  
Just like an angel  
You set me up

You got me straight through the heart  
I never did stand a chance  
Got me straight through the heart  
You cut me, you left me  
Straight through the heart  
You never gave me a chance  
Got me straight through the heart  
I'm bleeding, you're leaving  
Got me straight through the heart

### WEEKEND WARRIORS

Ten thousand stallions runnin' wild  
They dare to race the devil's child

The race is on, hold tight the reins  
They shared a week of broken chains

Wheels turnin', wheels burnin'  
See the eagles fly

Weekend warriors  
Weekend warriors  
Weekend warriors  
Weekend warriors

Like shining knights of days gone by  
They're born again, they'll never die

Wheels turnin', wheels burnin'  
See the angels fly

Weekend warriors  
Weekend warriors  
Weekend warriors  
Weekend warriors

Like silver lighting from the sky  
These gold-clad horses thunder by

Wheels turnin', wheels burnin'  
See the eagles fly

Weekend warriors  
Weekend warriors  
Weekend warriors  
Weekend warriors

For the weekend  
Weekend warriors ...

#### SEARCHING (instrumental)

*Out-take, included as a bonus track on remastered HEAD FIRST cd.*

#### SPLIT IMAGE

*Out-take, released for the first time on A TIME OF REVELATION compilation.*

It's the same old line  
People get to you if they can  
They take what they find  
They will change you mind  
They will fit you into their plan

And then one day you'll wake up  
As somebody else  
Someone they advented

A split image  
Don't let them burn you  
Split image  
Don't let them turn you  
Split image  
Just keeps comin' back  
Comin' back, comin' back  
To who you are

And the wrong get born  
And the right ones just stay away  
What he's livin' for  
If the wrong get born  
And we don't have a word to say

And it's so hard to wake up  
Or in right groove  
A crack in the mirror

A split image  
Don't let them burn you  
Split image  
Don't let them turn you  
Split image  
Just keeps comin' back  
Comin' back, comin' back  
To who you are

He's come  
Remember who you are

A split image  
Don't let them burn you  
Split image  
Don't let them turn you  
Split image  
Just keeps comin' back  
Comin' back, comin' back  
To who you are

A split image  
Don't let them burn you  
Split image  
Don't let them turn you  
Split image  
Just keeps comin' back  
Comin' back, comin' back  
To who you are

### **BAD BLOOD**

Desperate man, desperate times  
Desperate heart  
Once she was mine  
Bad blood, cold sweat  
The more I give, the less I get  
She picked clean to the bone  
Black ice, danger zone

Bad blood runs through her veins  
She's got bad blood  
She'll never change  
I held on long as I could  
But that girl - bad blood

Perfect crimes, no clues  
That girl's just bad news  
I held on long as I could  
Bad girl, bad blood  
She cut clean to the bone  
Tight jeans, danger zone

Bad blood runs through her veins  
She's got bad blood  
She'll never change  
I held on long as I could  
But that girl - bad blood

Girl's got bad blood ...

Glass heart, fools gold  
Her blood is stone cold  
Held on long as I could  
But that girl's just no good  
She picked clean to the bone  
Black ice, danger zone

Bad blood runs through her veins  
She's got bad blood  
She'll never change  
I held on long as I could  
But that girl - bad blood

Bad blood runs through her veins  
She's got bad blood  
She'll never change  
I held on long as I could  
But that girl - bad blood

Girl's got bad blood ...

### **LOST ONE LOVE**

She's lost in the night  
She's out of my sight  
Gotta find her again  
She's out of my life  
Gotta find her again

Will I ever see the daylight  
Will I ever see the sun  
Will I ever know the reason  
Like a shadow she's gone

She's lost in the night  
Out of my sight  
Will I find her again  
Taken my life  
Have to find her again

Will I ever see the daylight  
Will I ever see the dawn  
How can I ever find her  
She's just a shadow  
Missing person

I don't know where she's gone

Lost one love, last seen somewhere  
Walkin' away from the light  
Lost one love, somewhere last seen  
Walkin' into the night, she's gone

Will I ever see the daylight  
Will I ever see the sun  
Can I ever know the reason  
Like a shadow, missing person  
I don't know where she's gone

Lost one love, last seen somewhere  
Walkin' away from the light  
Lost one love, somewhere last seen  
Walkin' into the night

She's lost in the night  
And I don't the reason  
Will I find her again  
She's out of my sight  
But I can't lose this feeling  
Will I find her again

She's lost in the night  
And I don't the reason  
Will I find her again  
She's out of my sight  
But I can't lose this feeling  
Will I find her again

She's lost in the night  
And I don't the reason  
Will I find her again  
She's out of my sight  
But I can't lose this feeling  
Will I find her again

### **ANGEL**

Can't go to sleep without you  
Starring in my dreams  
I can't get you out of my head  
I close my eyes, you're always there  
I lock the door  
But you're comin' up the stairs

Can't stay awake  
I know I have to try  
What will it take to stop you  
Walking in my sleep  
How can I break  
The hold you have on me  
Angel will you never  
Ever set me free

Oh angel, I can't stop you  
Dancing on my bed  
You're an angel and I can't  
Get you out of my head  
Angel, I can't stop you  
Walking in my sleep  
You're an angel and I can't  
Stop you starring in my dreams

How come you're givin' me  
These technicolour dreams  
How can I get you out of my head  
I close my eyes, you're always there  
How can I get you out of my bed

## URIAH HEEP LYRICS 1980 - 2018

I lie awake, all I see is you  
I'm going crazy, what can I do  
Switch off the light  
Then you start to call  
I lock the door  
Now you're coming through the wall

Angel, I can't stop you  
Dancing on my bed  
You're an angel and I can't  
Get you out of my head  
Sweet angel, I can't stop you  
Walking in my sleep  
You're an angel and I can't  
Stop you starring in my dreams

I can't stay awake much longer  
This feeling's getting stronger

You must be an angel  
'Cause I can't stop you  
Dancing on my bed  
You're an angel and I can't  
Get you out of my head  
Angel, I can't stop you  
Walking in my sleep  
You're an angel and I can't  
Stop you starring in my dreams

Sweet angel, I can't stop you  
Dancing on my bed  
You're an angel and I can't  
Get you out of my head  
Angel, I can't stop you  
Walking in my sleep  
You're an angel and I can't  
Stop you starring in my dreams

Sweet little angel eyes  
You're an angel, angel  
Sweet little angel  
Angel, oh angel

### HOLDING ON

Lost, lost like a precious flame  
The ashes burn on  
The ghost of a love we had  
Tries to hold on, tries to hold on

No communication  
All systems are down  
No new conversation  
Never a sound, never a sound

What's the point in holdin' on  
When the spirit is gone, holdin' on  
What's the point in holdin' on  
When the spirit is gone

Cold, cold as the empty night  
Deep in your eyes  
I know there's no truth, no light  
Only your lies, only your lies

What's the point in holdin' on  
When the spirit is gone, holdin' on  
What's the point in holdin' on  
When the spirit is gone

The circle's broken  
The damage is done  
The crystal lies  
Smashed on the floor

Your presence has left me now  
Your spirit has gone  
The ghost of a love we had  
Tries to hold on, tries to hold on

What's the point in holdin' on  
When the spirit is gone, holdin' on  
What's the point in holdin' on  
When the spirit is gone

The circle's broken  
The damage is done  
So what's the point in holdin' on

What's the point in holdin' on  
When the spirit is gone, holdin' on  
What's the point in holdin' on  
When the spirit is gone

The circle's broken  
The damage is done  
So what's the point in holdin' on

### PARTY TIME

Party, party, party, it's party time

Friday night, I'm on my way  
I'm steppin' out  
I've been working all day  
You better watch out  
'Cause I'm on the streets tonight

We'll it's party time, I'm all zipped up  
It's hot tonight and I'm ready for love  
Jack me up  
'Cause I'm on the loose tonight

I want a little action, some company  
No main attraction, no star on TV  
No long engagement  
Reach straight for the gun  
No permanent arrangement  
I just want some fun

Party, gonna be a party  
Party, oh it's party time

Well it's 9 o'clock, I'm all juiced up  
Gonna find a club  
Gonna get hooked up  
Where it's happy hour till 3 am

She gave me 2 for 1  
We made a deal  
She gave me 3 for 1  
I'm thinkin' is this real  
I'll give you 4 to 1  
If you let me drive you home

She said I want  
Some action honey, company  
Physical attraction is  
Good enough for me  
No misconception  
I just want some fun  
No permanent arrangement  
As she reached for the gun

Party, we're gonna have a party  
Party, she said this is party time

Saturday, I'm on my way  
Steppin' out  
I've been sleeping all day  
You better watch out  
'Cause I'm on the streets again

We'll it's party time, I'm all zipped up  
I'm hot tonight  
And I'm ready for love  
Jack me up, I'm on the loose tonight

I want some little action, some company  
No main attraction, no star on TV  
No long engagement  
Reach straight for that gun  
No permanent arrangement  
I just want some fun

Party, gonna be a party  
Party, oh yes this is party time  
Party, gonna be a party  
Party, this is party time

It's nine o'clock, I'm steppin' out  
I'm gonna find a club  
So you better watch out  
I'm lookin' for some fun  
I'm lookin' for a party  
Some physical attraction  
Should get me started

### POOR LITTLE RICH GIRL

*Album version*

You say you're gonna testify  
Lie away, lie away  
So you're gonna gun me down  
Go ahead, fire away

You say you'll bring the curtain down  
Turn around, walk away  
You're gonna close this theatre down  
Go ahead, stop the play

Your money talks, you pull the strings  
Someone waits in the wings  
You flick the switch, the dancer falls  
You deal the cards  
The dealer calls in your game

Poor little rich girl, your money talks  
You pull the strings  
It's a shame, poor little rich girl  
Your money burns  
We all have wings

## URIAH HEEP LYRICS 1980 - 2018

You say you're gonna leave this town  
Fly away, fly away  
So you gonna shoot me down, go ahead

Your money burns, your money stings  
Another song that no one sings  
Another script left on the floor  
Another face is shown the door  
In your game

Poor little rich girl, your money talks  
You pull the strings  
It's a shame, poor little rich girl  
Your money burns, we all have wings  
In the game, poor little rich girl  
It's easy come, it's easy go  
It's a shame, poor little rich girl  
You lock the door, close the show

Your money talks, you pull the strings  
Someone waits in the wings  
You flick the switch, this dancer falls  
You deal the cards  
The dealer calls in your game

Poor little rich girl, your money talks  
You pull the strings  
It's a shame, poor little rich girl  
Your money burns, we all have wings  
It's a game

Poor little rich girl, your money talks  
You pull the strings  
It's a shame, poor little rich girl  
Your money burns, we all have wings  
It's a shame, poor little rich girl  
It's easy come, it's easy go  
It's a shame, poor little rich girl  
You lock the door, close the show  
It's a shame

It's a shame

### SKOOLS BURNIN'

Skools burning, it's burning down  
Burning down, burning down  
Skools burning, it's burning down  
Burning down, burning down

Stand up, sit down  
Don't turn around  
Don't talk and don't smoke  
Don't laugh, no joke

Too many rules, too many fools  
Gonna raise it to the ground  
We're gonna get high  
Light up the sky  
Gonna burn it down

Yes sir, no sir, 3 bags full  
Speak up or shut up  
Backs to the wall

Stand in line, take it outside  
See the soldiers march in time  
Rollin' out of bed, fallin' on my head  
I think I'll pull the pin

Skools burning, it's burning down  
Burning down, burning down ...

Shape up, or ship out  
Your hair's too long  
Yes sir, no sir, the same old song

Stay after time and learn all your lines  
Or write 'em out a thousand times  
I heard what you said, bells in my head  
I think I'll pull the pin

Skools burning, it's burning down  
Burning down, burning down ...

There's gonna be a party tonight  
People gonna come from miles  
There's gonna be a fire here tonight  
Gonna dance with the devil till the dawn  
Dance with the devil till the dawn

Stand up, sit down  
Don't turn around  
Don't talk, don't smoke  
Don't laugh, no joke

Too many rules, too many fools  
Gonna raise it to the ground  
Gonna get high, light up the sky  
Gonna pull the pin

Skools burning, it's burning down  
Burning down, burning down ...

### HEARTACHE CITY

Hit the city, hit the night  
Crazy people, neon light  
Hit the club, sip the wine  
Just remember to leave on time

Hit the red lights, check the girls  
You're steppin' into another world  
See the man, he'll spin you alive  
But just remember to leave on time

Heartache, city of heartache city  
City of heartbreak pity  
Heartache city  
Crazy people in heartache city  
City of heartache city  
City of heartbreak pity  
Heartache city, it's a city of sin

Check the star club, see the stars  
See the action  
In the back street bars  
Lookin' for love  
You're in the wrong place  
Tricks for kicks  
Can you stand the pace

Heartache, city of heartache city  
City of heartbreak pity  
Heartache city  
Crazy people in heartache city  
City of heartache city  
City of heartbreak pity  
Heartache city

Hit the city, hit the night  
Crazy people, neon light  
You pay your money, it's no real crime  
But just remember to leave on time

Heartache, city of heartache city  
City of heartbreak pity  
Heartache city  
Crazy people in heartache city  
City of heartache city  
City of heartbreak pity  
Heartache city

Heartache, city of heartache city  
City of heartbreak pity  
Heartache city  
Crazy people in heartache city  
City of heartache city  
City of heartbreak pity  
Heartache city

### NIGHT OF THE WOLF

Streets are full of rain  
Lightning cracks the sky  
Hear a lonely cry, eyes full of pain  
Searchin' in the darkness  
Eyes pierce the night  
Calling for her young one  
As she walks towards the light

It's the night of the wolf  
Hear the cry of the wolf

Streets paved with gold  
Night gives out a warning  
There's thunder in her heart  
And mother wolf is calling  
Searchin' in the shadows  
For the one she must save  
She cries out a prayer  
Like a song from beyond the grave

It's the night of the wolf  
Hear the cry of the wolf

The bells will toll  
No one will sleep tonight  
While she alone will  
Walk the streets tonight

Sun begins to rise  
All the streets washed with rain  
Still hear her cries  
Eyes burnt with pain  
Returning to the twilight  
Betrayed by the night  
Screaming for her young one  
As she walks towards the light

It's the night of the wolf  
Hear the cry of the wolf ...

### ADDITIONAL SONGS:

Your money talks, you pull the strings  
Someone waits in the wings  
You flick the switch, the dancer falls  
You deal the cards  
The dealer calls in your game

False name, the same game  
Somebody's minding your business  
You don't even care

### BACKSTAGE GIRL

*Released as a single b-side.*

Wanna hear some music  
Wanna feel it  
Play it nice 'n' loud  
Will you be my sweetheart  
Come backstage  
Hang out with the crowd  
Guess who's back in town

Her name is Lucille  
She knows the words  
To all the songs  
She talks in pictures  
Can't stand her tongue  
Lucille's back in town  
She loves to rock you

She's goin' backstage  
Gonna steal my heart away  
Backstage girl, staged to love  
She's goin' backstage  
She's gonna burn away  
Burnin' my stage  
To steal my heart

Wanna taste my lovin'  
Sure got candy rock'n'roll  
Will you be my angel  
Oh, Lucille of love  
Backstage girl in town  
She loves to rock you

She's goin' backstage  
Gonna steal my heart away  
Backstage girl, staged to love  
She's goin' backstage  
She's gonna burn away  
Burnin' my stage  
To steal my heart  
She's goin' backstage  
Gonna steal my heart away  
Backstage girl, staged to love  
She's goin' backstage  
She's gonna burn away  
Burnin' my stage  
To steal my heart

### LIVE IN MOSCOW 1988

### CORINA

You're too vain, you're insane  
You think the world will stop turning  
'Cause you ain't around

Blind eyes, cheap lines  
You got the whole band playing  
But you don't hear the sound

Your venom pen will never poison me  
I won't be sticking round that long

Corina, what's this talk of glory?  
Between the sheets in halls of fame  
Corina, just a hard luck story  
Bratpack fever running  
Through your brain

Your fast cars, rock stars  
You were seen at the party  
But you weren't even there

You think it's all some kind of circus ride  
You think that someone's keeping score

Corina, what's this talk of glory?  
Between the sheets in halls of fame  
Corina, just a hard luck story  
Bratpack fever running  
Through your brain

Corina, what's this talk of glory?  
Between the sheets in halls of fame  
Corina, just a hard luck story  
Bratpack fever running  
Through your brain

Corina, what's this talk of glory?  
Between the sheets in halls of fame  
Corina, just a hard luck story  
Bratpack fever running  
Through your brain

### MISTER MAJESTIC

Mister Majestic fires a gun  
Mister Majestic  
He got a lie on his tongue  
You can't help but listen  
He got a way with words  
Don't ask useless questions  
Unless you want to  
Leave this world

Madam Odessa carries a knife  
Across to the jailhouse  
In her pretty style  
She ain't looking out for business  
She got a way with words  
She is gonna take that man  
For what he done to her

This was how the West was won  
Lawless and unruly  
Now I guess what's done is done

She took her old man in cold blood  
He hit the deck  
With that si-si-si-sickening thud  
Life was cheap, that's what we  
Always heard about  
It was over something stupid  
They could have talked it out

This was how the West was won  
Lawless and unruly  
Now I guess what's done is done  
Billy thought that Billy was right

This was how the West was won  
Lawless and unruly  
Now I guess what's done is done  
Billy thought that Billy was right

## URIAH HEEP LYRICS 1980 - 2018

Where is the killer, nobody knows  
He's waiting in the dark saloon  
For night to close  
He tried to cheat at the gambling table  
A stranger pulls and fires  
As he falls he sees the stranger is  
Madam in disguise

This was how the West was won  
Lawless and unruly  
Now I guess what's done is done  
Billy thought that Billy was right

This was how the West was won  
Lawless and unruly  
Now I guess what's done is done  
Billy thought that Billy was right

This was how the West was won  
This was how the West was won  
This was how the West was won  
This was how the West was won

### **PACIFIC HIGHWAY**

Tryin' to make it back  
To my old home town  
I've been driving since  
The break of dawn  
Got a feeling like a fever  
Burning in my brain  
When I see her  
It'll be all gone

Pacific highway  
Getting nearer now  
And I feel like  
The dream is coming true  
Pacific highway  
Getting closer now  
I don't need directions  
To find my way back to you

Take another turning  
On the old creek road  
Making sure I don't get lost  
I'm hoping to hell  
My taco's reading right  
Get ahead no matter  
What the cost

Tryin' to take it easy  
On the old home stretch  
But city limits come into sight  
I'm getting ready for my Betty  
God how I missed that girl  
We're rock-n-rollin'  
Through the night

Pacific highway  
Getting nearer now  
And I feel like  
The dream is coming true  
Pacific highway  
Getting closer now  
I don't need directions  
To find my way back to you

Pacific highway  
Getting nearer now  
And I feel like  
The dream is coming true  
Pacific highway  
Getting closer now  
I don't need directions  
To find my way back to you  
I don't need directions  
To find my way back to you  
I don't need directions  
To find my way back to you

I only got five more miles, yeah  
Only four more miles, yeah  
I only got three miles, two miles  
One mile to go

### **RAGING SILENCE 1989**

#### **HOLD YOUR HEAD UP**

And if it's bad  
Don't let it get you down  
You can take it  
And if it hurts  
Don't let them see you cry  
You can make it

Just hold your head up woman  
Hold your head up woman  
Hold your head up woman  
Hold your head high

Hold your head up woman  
Hold your head up woman  
Hold your head up woman  
Hold your head high

And if they stare, just let them  
Burn their eyes on you moving  
And if they shout, don't let it  
Change a thing that you're doing

Hold your head up woman  
Hold your head up woman  
Hold your head up woman  
Hold your head high ...

Hold your head up ...

Hold your head up woman  
Hold your head up woman  
Hold your head up woman  
Hold your head high

And if they stare, just let them  
Burn their eyes on you moving  
And if they shout, don't let it  
Change a thing that you're doing

Hold your head up woman  
Hold your head up woman  
Hold your head up woman  
Hold your head high ...

### **BLOOD RED ROSES**

Heaven's above  
What on earth has this come to  
What have I done  
What can I do now to show you  
There's still a chance  
If you're ready to make up  
It's not too late  
'Cause I'm not ready to break up

I try to call  
But you don't hear at all  
I'm sending roses  
I'm sending blood red roses  
This burning in my heart  
Is tearing me apart  
I'm sending roses  
I'm sending blood red roses

You've got to understand  
That's my heart in your hand

Don't walk away  
We can get this heart mended  
Or am I the fool  
And has this love just ended

I tried to call  
But you don't hear at all

I'm sending roses  
I'm sending blood red roses  
This burning in my heart  
Is tearing me apart  
I'm sending roses  
I'm sending blood red roses

I gotta keep on trying  
To stop this love from dying

You've got to understand  
That my heart is in your hand

Roses  
I'm sending blood red roses  
This burning in my heart  
Is tearing me apart  
I'm sending roses  
I'm sending blood red roses

I gotta keep on trying  
To stop this love from dying

Roses  
I'm sending blood red roses  
This burning in my heart  
Tears me apart

Roses - blood red roses  
You've got to understand  
That's my heart in your hand

Roses  
I'm sending blood red roses  
'Cause this burning in my heart  
Tears me apart

Roses - blood red roses

## URIAH HEEP LYRICS 1980 - 2018

### VOICE ON MY TV

It's a familiar voice  
Sometimes I wonder if I have a choice  
You give it everything  
You're selling God  
But am I listening

I hear you've seen the light  
Your message comes to me by satellite  
You say I must believe  
I say it's just another way  
To deceive

If my salvation has anything to do  
With your empty promises  
And what you think is true  
Well here's my donation  
If it's all the same to you

I am the voice on your TV  
But I am one and I am free  
Always to say what I believe  
I know you're only a voice on my TV

The numbers on the screen  
Will help me get to heaven  
So it would seem  
The money flows and flows  
And no-one cares enough  
To know where it goes

Look at all the millions  
That you've taken for a ride  
With the warmest words  
And the coldest heart inside  
And how much longer  
Can I listen to your lies

I am the voice on your TV  
But I am one and I am free  
Always to say what I believe  
I know you're only a voice on my TV

What are all the credit card  
Believers gonna say  
When they hear about the scandals  
And the lovers that you pay  
And all about the meetings  
In your secret hideaway

I am the voice on your TV  
But I am one and I am free  
Always to say what I believe

You're just a voice on my TV  
Your power's strong but I am free  
Always to say what I believe

I am the voice on your TV  
But I am one and I am free  
Always to say what I believe

Can you hear me  
I am the voice on your TV  
But I am one and I am free  
Always to say what I believe

This is your conscience speaking

### RICH KID

She's a rich kid  
She wears diamond rings  
Knows how to walk  
Knows everything  
About love, she's not too sure  
What she's looking for

Fresh from the woods  
Out on the street  
She's looking good  
Looking so neat  
She don't know if she should  
'Cause she don't know  
If she's bad or good

She don't care if it hurts her father  
She don't care if it breaks her mother  
She don't care anymore  
She just wants what  
She's never had before

All she wants is love, she's ready  
She wants love and she's gonna get it  
All she needs is love  
She's gotta have it, someone to love  
All she wants is love, she's ready  
Gotta have love, she'll get it  
All she needs is love  
She's never had it, someone to love

She was a school boy's dream  
High school queen  
She had it all when she was sixteen  
Stayed away from boys  
'Cause she thought she'd get hurt  
Why did she listen to  
Her mother's words

Couldn't go out, had to stay home  
And how she hated being on her own  
She needs love like everybody else  
Now she's gonna  
Get some for herself

She don't care if it hurts her father  
She don't care if it breaks her mother  
She don't care anymore  
She just wants what  
She's never had before

All she wants is love, she's ready  
She wants love  
And she's gonna get it  
All she needs is love  
She's gotta have it, she needs love

All she wants is love, she's ready  
She wants love  
And she's gonna get it  
All she needs is love  
She's gotta have it, someone to love

All she wants is love, she's ready  
Gotta have love  
She'll get it  
All she needs is love  
She's never had it, someone to love

All she wants is love, she's ready  
She wants love  
And she's gonna get it  
All she needs is love  
She's gotta have it, someone

### CRY FREEDOM

She told the story  
I listened with my eyes closed  
So sad but so true  
She whispered softly  
I asked her why she did so  
She knew that I knew

She was a skater  
The ice was her second home  
The country's finest  
Everyone could see  
She had a plan  
To break across the border  
Instead of waiting for  
The powers that be

Cry freedom, sweet freedom  
Tell the whole world  
To get ready  
Cry freedom, sweet freedom  
Tell the whole world  
That we're ready

She said goodnight  
But just as I was leaving  
A black car came into view  
And waiting there  
They could hear me breathing  
They knew that I knew

Cry freedom, sweet freedom  
Tell the whole world  
To get ready  
Cry freedom, sweet freedom  
Tell the whole world  
That we're ready

Insane questions  
They asked me what did I know  
So strange, they let me go  
But more they try  
The stronger our love grows  
I know that you know

Cry freedom, sweet freedom  
Tell the whole world  
To get ready  
Cry freedom, sweet freedom  
Tell the whole world  
That we're ready

Cry freedom, sweet freedom ...

### BAD BAD MAN

In this supermarket city  
Among the native smiles  
You have to pay for attention  
And do the best you can

## URIAH HEEP LYRICS 1980 - 2018

There's a raging silence  
And it's charged with action  
Got no time for weakness  
'Cause I'm a bad bad man

Down the streets of darkness  
Where they know my name  
Lies a force of evil  
And a destructive plan  
There's no time for questions  
When you run into danger  
Don't get too close to me  
'Cause I'm a bad bad man

I'm working for the L. A. division  
To stop the inner city collision  
I'm bringing law and order  
To the twenty-first century

I don't care for politics  
You can keep your point of view  
You'd be better off without it  
I got my own bad plan

A tough cop has a lonely existence  
A reputation of  
The highest resistance  
A mean runner bringing order  
To the twenty-first century

I don't believe in passion  
Don't believe in feelings  
I take peace from the wicked  
Run and hide while you can  
I got no time for small talk  
Got no time for off-the-wall talk  
Don't care who I tread on  
'Cause I'm a bad bad man

Bad bad man, I'm a bad bad man  
I'm a bad bad man, bad bad man  
Bad bad man, bad bad man  
Bad bad man, bad bad man

### **MORE FOOL YOU (More Fool Me)**

I held the rope so tightly  
As she climbed down from her room  
We said we'd make our getaway  
Underneath the moon  
I always will remember  
The night that we left home  
And the words of warning  
Ringing in my ears

More fool you, more fool me

New job, new friends and a family  
In a house on the sunny side  
We played on the wheel of fortune  
But it was me that took the ride  
It didn't work between us  
I had to give it all away  
And in the end I knew it had to be

More fool you, more fool me ...

If I've told you once  
Then I've told you twice  
But I'll tell you once again  
Now she's taken away most everything  
And I've lost my only friend

More fool you, more fool me ...

### **WHEN THE WAR IS OVER**

When the war is over  
Got to get away  
Pack my bags to  
No place in no time no day  
You and I, we used  
Each other's shoulder  
Still so young  
But somehow so much older  
How can I go home  
And not get blown away

Ain't nobody gonna  
Steal this heart away ...

When the war is over  
Got to start again  
Try to hold a trace of  
What it was back then  
You and I, we shared  
Each other's stories  
Just a page that's  
Lost in all its glory  
How can I go home  
And not get blown away

You and I had our sights  
Set on something  
Hope this doesn't mean  
Our days are numbered  
I've got plans for more  
Than a wanted man  
All around is chaos and madness  
Can't help feeling  
Nothing more than sadness  
Only choice to face it  
The best I can

When the war is over  
Got to start again  
Try to hold a trace of  
What it was back then  
You and I, we shared  
Each other's stories  
Just a page that's  
Lost in all its glory  
How can I go home  
And not get blown away

Ain't nobody gonna  
Steal this heart away  
And not get blown away ...

Steal this heart away  
Ain't nobody gonna  
Steal this heart away

### **LIFELINE**

Well I'm not superstitious  
But there's something going on inside  
Could be friendly, could be vicious  
And there isn't any place to hide

It's my imagination, a blessing or a curse  
No I can't ignore it for better or for worse  
It wakes me when I'm sleeping  
A thief that takes my breath away

And I find myself reaching for a lifeline  
Throw me a lifeline  
And bring me back in time  
I need a lifeline, throw me a lifeline  
I'm going down for the last time

Sometimes I can't control it  
Sometimes it isn't there at all  
Sometimes I try to roll it  
And wind up staring at the wall

My imagination  
I love the games it plays  
I get in so deep that I get lost  
For days and days  
It sometimes leaves me shakin'  
Standin' in the dark alone

And I find myself reaching for a lifeline  
Throw me a lifeline  
And bring me back in time  
I need a lifeline, throw me a lifeline  
I'm going down for the last time  
Can't you see that I'm reaching

And I find myself reaching for a lifeline  
Throw me a lifeline  
And bring me back, back in time  
I need a lifeline, throw me a lifeline  
I'm going down for the last time  
I need a lifeline, throw me a lifeline  
I'm going down, down  
Down for the last time

Lifeline, down for the last time  
Can't you see that I'm reaching

### **ROUGH JUSTICE**

The gates have opened  
Now I'm a free man  
My time is over  
I need a new plan  
But I've had no loving  
For a year and a day

My lady's waiting  
Got a taste for her wine  
She's wearing money  
But none of it's mine  
She's been surviving  
While I've been wasting away

## URIAH HEEP LYRICS 1980 - 2018

Back in my room  
It ain't quite the same  
You can't hide it  
I'm onto your game

Rough justice, there's no disguise  
And I can tell by the look in your eyes  
Rough justice, I've had my share  
I've done my time  
But I'm still running scared  
Rough justice coming down on me  
Long arm of the law  
Never setting me free  
Rough justice, I bide my time

Back in action, I'm riding the crest  
And putting all that  
I've learned to the test  
No complications  
Taking it day by day

Freedom of movement  
Freedom of choice  
Free to be right back here  
With the boys  
Ready to listen  
But you've got nothing to say

Back in my room  
It ain't quite the same  
Just can't help it  
I'm part of your game

Rough justice, there's no disguise  
And I can tell by the look in your eyes  
Rough justice, I've had my share  
I've done my time  
But I'm still running scared  
Rough justice coming down on me  
Long arm of the law  
Never setting me free  
Rough justice, I bide my time

Back in my room  
It ain't quite the same  
You can't hide it  
Just part of your game

Rough justice, there's no disguise  
And I can tell by the look in your eyes  
Rough justice, I've had my share  
I've done my time  
But I'm still running scared  
Rough justice coming down on me  
Long arm of the law  
Never setting me free  
Rough justice, I bide my time

Rough justice - rough justice  
I've done my time  
But I'm still running scared  
Rough justice, there's no disguise  
And I can tell by the look in your eyes  
Rough justice, I've had my share  
I've done my time  
But I'm still running scared  
Rough justice coming down on me  
Long arm of the law  
Never setting me free  
Rough justice, I bide my time

#### MIRACLE CHILD

*Released as a single b-side, included as a bonus track on remastered RAGING SILENCE cd.*

She got me to walk on water  
I did what she said  
She got me to steal the moonlight  
Put it over her head  
And after I moved the mountain  
Which stood in the way  
The answer was in the question  
She asked me if I wanted to stay

All of my friends said it couldn't last  
I'd be another there in her past  
But I disagree 'cause  
I can't say say no, no, no, no

Save me, she's so hungry  
Make a man do anything  
I know, she gets hungry  
Gets away like an innocent child  
Save me, she's so hungry  
Has the appetite to everything  
I know, she's just hungry  
She's got the mind of a miracle child

And when I changed the seasons  
And water to wine  
I took all the wordly problems  
And got the peace in our time  
And after I built the temple  
She wanted so bad  
I took her to altar on Sunday  
To look at everything that we had

I could say no, but I always do  
Someone outside  
Would be comin' through  
And I can't stop her  
I can't say no, no, no, no

She's so hungry  
She gets hungry ...

#### DIFFERENT WORLD 1991

#### BLOOD ON STONE

His blood's on stone  
It's running down the frozen wall  
His hand's so cold  
He's trying not to fall  
Oh, will he make it now  
One slip and he's lost  
It's his last chance for freedom  
It's all that he's got

He feels good, so right  
Hot sweat on a cold night  
Breaking free into the wind  
He's got nothing to lose, just win

He's just a runaway  
He's free now and on his way  
He's just a runaway  
He's free now and on his way

He's almost home  
Just one push and  
He'll take this wall  
It's blood on stone  
From trying not to fall  
He's made it now  
Where others have not  
Just one last jump to freedom  
Is all that he's got

He feels good, so right  
Hot sweat on a cold night  
Breaking free into the wind  
He's got nothing to lose, just win

He's just a runaway  
He's free now and on his way  
He's just a runaway  
He's free now and on his way

He feels good, so right  
Hot sweat on a cold night  
Breaking free into the wind  
He's got nothing to lose, just win

He's just a runaway  
He's free now and on his way  
He's just a runaway  
He's free now and on his way ...

A runaway  
Just a runaway

#### WHICH WAY WILL THE WIND BLOW

People on the sidewalk  
Making small talk  
Keeping up with life  
Ask no questions  
Make no decisions  
Just do what's right

Oh, do you wanna runaway  
Oh, do you wanna breakaway

Someone's screamin'  
Calling out for help  
But everyone looks after themselves  
No one cares or gives a damn  
How can we live in this land

Oh, do you wanna runaway  
Oh, do you wanna breakaway

## URIAH HEEP LYRICS 1980 - 2018

Are you looking out for you  
One hand can change  
This world, it's true  
Some will stay and some must go  
But do they really know

Oh, which way will the wind blow  
Which way will the seas flow  
Which way with time  
Oh, which way will the world turn  
Who's hand will control it in our time

With our hands on eyes  
Fingers in our ears  
We've been like this  
For too many years  
Let others do what they do  
Without asking if it's good for you

Oh, do you wanna runaway  
Oh, do you wanna breakaway

Turn it round, upside down  
Plug it in, turn up the sound  
Let's hear what's in your head  
Before it's too late to be said

Oh, do you wanna runaway  
Oh, do you wanna breakaway

Are you looking out for you  
One hand can change  
This world, it's true  
Some will stay and some must go  
But do they really know

Oh, which way will the wind blow  
Which way will the seas flow  
Which way with time  
Oh, which way will the world turn  
Who's hand will control it in our time ...

Are you looking out for you  
One hand can change  
This world, it's true  
Some will stay and some must go  
But do they really know

Oh, which way will the wind blow  
Which way will the seas flow  
Which way with time  
Oh, which way will the world turn  
Who's hand will control it in our time ...

### ALL GOD'S CHILDREN

Crazy little whirlwind child  
Pretty babies drive ya wild  
Look like one, act like another  
Every night a different lover

Get affection where you can  
Try a boy then try a man  
First time love is in the past  
Make it young and make it fast

All God's children will have their say  
All God's children must have their way ...

It's a game where you can cheat  
Lovers falling at your feet  
High on sensuality  
A photograph for all to see

First time love is in the past  
Make it young and make it fast  
They can never get enough  
Strong as death and sweet as love

They walk and talk like angels

All God's children will have their say  
All God's children must have their way ...

They walk and talk like angels  
They walk and talk like angels

All God's children will have their say  
All God's children must have their way ...

### ALL FOR ONE

You think I'm crazy for wanting you  
But you just hide away  
Behind your untold truths

And so I sit and listen  
To your lonely words  
Another reason for you  
To be yourself

I can't be wrong for believing in you  
'Cause this ice is melting  
And the waves are breaking through

I see a fire, it's burning  
In your heart tonight  
There's only one way  
For me to forget

All for one, one for all  
Strong in heart, body and soul  
We were all for one, one for all  
All for one, one for all  
Nothing could stop us, we had it all  
We were all for one, one for all

I always knew  
You had dreams of your own  
But I can't understand you  
So many words, too much to say  
And nothing to hold on to

And so another day must end  
In this loneliness  
Another season  
Another time, I guess

All for one, one for all  
Strong in heart, body and soul  
We were all for one, one for all  
All for one, one for all  
Nothing could stop us, we had it all  
We were all for one, one for all

All for one, one for all  
Strong in heart, body and soul  
We were all for one, one for all  
All for one, one for all  
Nothing could stop us, we had it all  
We were all for one, one for all

All for one, we were all for one  
All for one, strong in body and soul  
All for one, and nothing's gonna stop us  
All for one, one for all  
All for one, and nothing's gonna stop us  
All for one  
All for one

### DIFFERENT WORLD

You can't stop a man from learning  
I could write the book of love  
Captured moments there  
Between me and you  
Then I had the thought of leavin'  
It was a voice inside my head  
Telling me I got to have the strength  
To see it through

And I know it's gonna break your heart  
And I know it's gonna break your heart

I'm living in a different world  
And as I slip away  
I see you fade to black and white  
I'm living in a different world  
With all my hopes and dreams  
I drift off in the night

I'm alone but I'm not lonely  
I found something that I never had  
Laying back in the easy chair  
Is not the life for me  
You think I'm your one and only  
But you gamble with a restless man  
In the end I've found the way  
That we can both be free

And I know it's gonna break your heart  
And I know it's gonna break your heart

I'm living in a different world  
And as I slip away  
I see you fade to black and white  
I'm living in a different world  
With all my hopes and dreams  
I disappear into the night

I'm living in a different world  
And as I slip away  
I see you fade to black and white  
I'm living in a different world  
With all my hopes and dreams  
I'm living in a different world  
And as I slip away  
I'm living in a different world  
With all my hopes and dreams

I disappear into the night

## URIAH HEEP LYRICS 1980 - 2018

### STEP BY STEP

It's alright, it's not wrong  
To sometimes feel  
You're just hanging on  
On those days when  
Your feelings are low  
Don't hold back  
Just let those feelings show

If you want my time and devotion  
You've got to give me  
Some of your emotion  
It's not too much, too much to ask  
If you want this love to last

Born with open eyes  
But you're blinded by confusion  
Born with strength

Let's do it step by step  
Into tomorrow  
We can make it if we try  
Just talk to me, walk with me  
There's no reason why

Let's do it step by step  
Into tomorrow with our open eyes  
So come on talk to me  
Just walk with me  
You can do it if you try

One step, one step at a time  
One heart beatin' with mine

Nothing gained, nothing ventured  
Nothing won, no risk, no loss  
In this world of indecisions  
There's a bridge we all must cross

Born with open eyes  
But you're blinded by confusion  
Born with strength

Let's do it step by step  
Into tomorrow  
We can make it if we try  
Just talk to me, walk with me  
There's no reason why

Let's do it step by step  
Into tomorrow with our open eyes  
So come on talk to me  
Just walk with me  
You can do it if you try

One step, one step at a time  
One heart beatin' with mine

Let's do it step by step  
Into tomorrow  
We can make it if we try  
Just talk to me, walk with me  
There's no reason why

Let's do it step by step  
Into tomorrow with our open eyes  
So come on talk to me  
Just walk with me  
You can do it if you try

One step, one step at a time  
One heart beatin' with mine

Let's do it step by step  
Into tomorrow  
We can make it if we try  
Just talk to me, walk with me  
There's no reason why

Let's do it step by step  
Into tomorrow with our open eyes  
So come on talk to me  
Just walk with me  
You can do it if you try

### SEVEN DAYS

I don't care if the rain don't shine  
Oh, I don't care if the sun don't fall  
You are the one in a million, child  
And you knew that I would call

Thoughts of you alone with me  
I can't slow them down  
But I can't sleep at night  
Because girl you're not around

I can't wait  
Seven days is a long time  
To be waiting for you girl  
I can't wait  
Seven days is just too long  
To be without you girl

I've tried every kind of distraction  
But nothing will ease this pain  
There is only one solution, girl  
So why do you make me wait

Got to say I didn't think  
That I could read your mind  
But I can't sleep at night  
'Cause baby you're on mine

I can't wait  
Seven days is a long time  
To be waiting for you girl  
I can't wait  
Seven days is just too long  
To be without you girl

I can't wait  
Seven days is a long time  
Oh, I miss you girl  
I can't wait  
Seven days is just much too long

Got to say I didn't think  
That I could read your mind  
But I can't sleep at night  
'Cause baby you're on mine

I can't wait  
Seven days is a long time  
To be without you  
I can't wait  
Seven days is just too long  
Just too long

I can't wait  
Seven days is a long time  
To be waiting for you girl  
I can't wait  
Seven days is just too long  
To be without you girl

I can't wait  
Oh no, I can't wait  
Seven days is just too long

### FIRST TOUCH

I dreamed of all  
The wonders in the world  
And lovers that I knew  
I saw so many good things  
At one time  
Mountains of emotion  
Coming right into view

When I arose from my bed  
I got that warm glow  
At the back of my head

First touch, feel the power  
Hear the thunder over me  
First touch, out of nowhere  
See the future over me

Then I dreamed about  
The tenderness we shared  
And how it makes us feel  
Like every first encounter  
That we have  
When I think I must be dreamin'  
You tell me that it's real

And here you are in my bed  
I get that warm glow  
At the back of my head

First touch, feel the power  
Hear the thunder over me  
First touch, out of nowhere  
See the future over me ...

### ONE ON ONE

People say I run too fast  
But they don't understand  
I'm livin' out the best of times  
The way I always planned  
Oh, little girl you got a dirty smile  
Come along, walk with me  
Down the golden mile

On my tongue, the taste of love  
Never felt so good  
Easy come, no more leaving  
By the back door

One on one  
I could live like this forever  
One on one  
Take me all the way to Heaven  
One on one

## URIAH HEEP LYRICS 1980 - 2018

Stone by stone, frame by frame  
We got this love together  
No more headache in my heart  
No more under pressure  
Baby with you I can do anything  
Just a touch is not enough  
With you it's everything

On my tongue, the taste of love  
Never felt so good  
Easy come  
No more waitin' at the back door

One on one  
I could live like this forever  
One on one  
Take me all the way to Heaven  
One on one  
Love runs in so easily  
One on one  
All you give is what I need ...

### CROSS THAT LINE

What do you say  
To a talk over dinner  
Though we haven't  
Spoken for a while  
This time I won't take no  
For an answer  
You can't hide forever  
From your only son

Let's take a seat  
Right here by the window  
I remember how you like the view  
Now look me in the eye  
The truth I wanna hear

The time is right  
There's a shadow hanging  
Over me tonight

Tell me what you did now  
Even though it hurts to say  
It's always been a mystery  
Locked behind the door  
Tell me is it true now  
Do you need the heart to say it  
I always did my best for you  
Don't you lie  
Don't you lie no more

You thought me the way  
To be a winner  
And never to play  
On the losing side  
I guess that I turned out  
The way you always planned

So hard to cross that line  
But the words have got to come  
From you this time

Tell me what you did now  
Even though it hurts to say  
It's always been a mystery  
Locked behind the door  
Tell me is it true now  
Do you need the heart to say it  
I always did my best for you  
Don't you lie  
Don't you lie no more

So hard to cross that line  
But the words have got to come  
From you this time

Tell me what you did now  
Even though it hurts to say  
It's always been a mystery  
Locked behind the door  
Tell me is it true now  
Do you need the heart to say it  
I always did my best for you  
Don't you lie  
Don't you lie  
Don't you lie no more

### ADDITIONAL SONGS:

#### STAND BACK

*Included on the cd version only.*

I see him coming  
He's out to get you  
He'll get us fooling your door  
You've got a letter  
From the sisters of mercy  
They can't have you no more

Temptation, such sweet song  
That burns inside  
One rhythm, one power  
One drain of blood left you dry

I see you there  
Before the dancin' visions  
So many stars in your eyes  
You've got it all  
But you ain't seen nothing  
How can you be so blind

Stand back  
Make way for the zodiac boy  
Stand back  
I'm gonna take you to the other side  
Stand back  
Make way for the zodiac boy  
Stand back  
You've gotta listen to  
The power of the future

It's so easy, it's a chain reaction  
Every step of the way  
There are places  
You've been dreaming of  
But never knew the way

Temptation, such a good thing  
That burns inside  
One rhythm, one power  
One drain left you dry

Stand back  
Make way for the zodiac boy  
Stand back  
I'm gonna take you to the other side  
Stand back  
Make way for the zodiac boy  
Stand back  
You've gotta listen to  
The power of the future

Stand back  
Make way for the zodiac boy  
Stand back  
I'm gonna take you to the other side  
Stand back  
Make way for the zodiac boy  
Stand back  
You've gotta listen to  
The power of the future

Stand back ...

#### POWERS OF ADDICTION

*Out-take, included as a bonus track on expanded de-luxe edition DIFFERENT WORLD cd.*

Power's an addiction  
Once you've held it in your hands  
I have to win because  
Winning's all that counts  
I'll take the rough with the smooth  
And accept the end results  
But just to be behind the wheel  
And feel the rush from my blood

And I want it, oh, so bad  
The thrust, the thrill, the speed  
When my foot's on the gas

Holding on tight  
Waiting for the green light  
We're heading for the sunrise, hold tight  
Holding on tight  
We can't stop and turn around  
We've gotta make it now  
Before the sun goes down

It's not good enough  
To finish second best  
It's the risk of life or death  
When you strive to beat the rest  
Feel the heat and the dust  
The sweat is pouring down my head  
I have a thirst for speed  
And a fire in my breath

And I need it, oh, so bad  
And I love it, the speed  
The speed, it drives me mad

Holding on tight  
 Waiting for the green light  
 We're heading for the sunrise, hold tight  
 Holding on tight  
 We can't stop and turn around  
 We've gotta make it now  
 Before the sun goes down

And I want it, oh, so bad  
 The thrust, the thrill, the speed  
 When my foot's on the gas

Holding on tight  
 Waiting for the green light  
 We're heading for the sunrise, hold tight  
 Holding on tight  
 We can't stop and turn around  
 We've gotta make it now  
 Before the sun goes down ...

**"DEMO SESSIONS" 1992**

**HOLY ROLLER**

*Out-take from 1992 demo sessions,  
 released for the first time on A TIME OF  
 REVELATION compilation.*

I was born an only boy  
 Away from palm of water  
 Never heard of right or wrong  
 I was given words to use  
 But I knew I was different  
 They wanted me to play along

How much fear can I keep  
 Locked away inside me  
 Will all these words  
 Disguise my pain  
 When all your scriptures fail  
 And leave us in the open  
 I will survive and try again

Here comes the holy roller  
 Here comes the book of life  
 Don't come knockin' round here  
 'Cause you ain't no friend of mine  
 Here comes the ghost of holy  
 He comes to twist your mind  
 Don't come knockin' round here  
 'Cause you ain't no friend  
 Ain't no friend of mine

What is the price that you've put  
 On your own salvation  
 Count the costs for savin' souls  
 Where is the sense in all this  
 Door-to-door damantion  
 When you're just left out in the cold

Here comes the holy roller  
 Here comes the book of life  
 Don't come knockin' round here  
 'Cause you ain't no friend of mine  
 Here comes the ghost of holy  
 He comes to twist your mind  
 Don't come knockin' round here  
 'Cause you ain't no friend  
 Ain't no friend ...

Here comes the holy roller  
 Here comes the book of life  
 Don't come knockin' round here  
 'Cause you ain't no friend of mine  
 Here comes the ghost of holy  
 He comes to twist your mind  
 Don't come knockin' round here  
 'Cause you ain't no friend  
 Ain't no friend of mine

**SHE STILL CALLS HIS  
 NAME**

*Out-take from 1992 demo sessions,  
 released for the first time on A TIME OF  
 REVELATION compilation.*

Summer moonlight shines  
 On a midnight train  
 Lost in emotion she cries  
 To the wind and the rain  
 In silence she feels the breeze  
 No mercy tonight  
 The passion and promise has made  
 Life broken inside

She still calls his name  
 She can't get home  
 She still calls his name  
 Broken hearted

Another town rolls by  
 As a distant rose  
 And wonderin' what she will find  
 When she gets home  
 Youth has a part in play  
 But a careless heart  
 Dreams are an open game  
 Will tear you apart

She still calls his name  
 She can't get home  
 She still calls his name  
 Broken hearted ...

One love comes of the rest  
 A bed of roses was a bed of nails  
 Don't take the blame forever  
 Just give it time

She still calls his name  
 She can't get home  
 She still calls his name  
 Broken hearted ...

**SEA OF LIGHT 1995**

**AGAINST THE ODDS  
 THE WAY OF LIFE THAT  
 MUST CHANGE**

In the court of kings  
 I look around  
 My blood runs cold  
 I close my eyes  
 Out of my head  
 A vision flows  
 I'll make the rules  
 I need for my survival  
 For my survival

I pull the strings  
 You take the glory  
 I load the gun  
 You shoot me down  
 I'm on the edge  
 About to fall  
 Destructive power will  
 Make you lose your mind  
 Use your mind

We give our life  
 Invest in time  
 To only fools  
 Who take controll  
 I spend another  
 Cold day in hell  
 Against the odds  
 I fight for my survival  
 For my survival

Your useless life gets  
 Crushed into the ground  
 The time has come  
 To turn it all around

**SWEET SUGAR  
 OVER IMPORTANCE  
 OF MONEY**

I've no time for boring things  
 There's no religion  
 That can make my heart sing, no  
 They call me up  
 Say: hey come on down  
 We've got credit salvation  
 All over town

And I can see it everywhere I go  
 I can hear it on my radio  
 They keep telling me it's alright  
 But there's one thing  
 I don't need tonight

It's their sweet sugar, poison wine  
 I don't need these things  
 To make me feel fine  
 Sweet sugar, poison wine  
 Just need your love girl, every time

## URIAH HEEP LYRICS 1980 - 2018

We don't need these  
Pointless things  
We just need to mend  
Our broken wings  
Take a look, a look  
What's going down  
We've gotta stop  
Before we hit the ground

Yeah, we can have it  
Don't you know  
Take part in their TV show  
They'll keep telling us it's alright  
But there's one thing  
I don't need tonight

It's their sweet sugar, poison wine  
I don't need these things  
To make me feel fine  
Sweet sugar, poison wine  
Just need your love girl, every time

You can't fool me  
It's a waste of time  
You're selling tears  
Down the credit card line, yeah  
But giving up is not  
Their frame of mind  
They'll find a way  
To break us in time

Yeah, I can meet you  
Everywhere I go  
And I can hear you on my radio  
You keep telling me it's alright  
But there's one thing  
I don't need tonight

It's your sweet sugar, poison wine  
I don't need these things  
To make me feel fine  
Sweet sugar, poison wine  
I just need your love girl, every time

Sweet sugar, poison wine  
I don't need these things  
To make me feel fine  
Sweet sugar, poison wine  
Just gimme your love girl  
Gimme your love, gimme your love

Sweet sugar, poison wine  
I need your love girl  
Yeah, all the time  
Sweet sugar, poison wine  
I just need you girl, everytime

### **TIME OF REVELATION** *MOVING TO A FANTASY WORLD*

Won't you take a chance my brother  
Follow me to a time of revelation  
Can't you see that destiny will take a turn  
And show you there's no need to fight  
'Cause you know it's right

And I finally see where I'm going  
I finally know what I'm knowing  
Now our journey's only just begun

You won't need to ask forgiveness  
What you find will be your inspiration  
You don't have to pray for glory  
All is equal, no more pain  
You know it's true, it's up to you

'Cause I finally see where I'm going  
I finally know what I'm knowing  
Now our journey's only just begun

Over the bridge  
Where you start to believe  
Down at the edge of the rainbow  
Dark is the night  
But we've seen another time  
Follow the light of the shadow

Right or wrong, there is no reason  
There will be no hidden destination  
With the strength that you discover  
You can show the way  
How it was meant to be  
For all to see

'Cause I finally know what I'm knowing  
I finally see where I'm going  
Now our journey's only just begun

Over the bridge  
Where you start to believe  
Down at the edge of the rainbow  
Dark is the night  
But we've seen another time  
Follow the light of the shadow ...

### **MISTRESS OF ALL TIME** *ENLIGHTENED WOMAN*

She dances on the seven seas  
Dances on the ocean  
Sunlight on her golden hair  
Shapes of pure emotion  
Her voice is heard like  
Crystal words across the sky  
She moves just like an angel  
She's the mistress of all time

Her sun pours down like liquid gold  
To chase away the sorrows  
Her clothes are like a million stars  
Made of tears and rainbows  
And all the while  
Her senses smile into my life  
She moves just like an angel  
She's a mistress of all time

Just like the restless to a mission bell  
I must run to her, meet her everywhere  
As her music fills the universe

She leaves the dancing visions  
Of her image on the water  
And precious stones upon the shore  
From every distant corner  
Like diamonds in the light  
They shine beyond the stars  
She moves just like an angel  
She's the mistress of all time

Just like the restless to a mission bell  
I must run to her, meet her everywhere  
As her music fills the universe

She dances on the seven seas  
Dances on the ocean  
Sunlight on her golden hair  
Shapes of pure emotion  
Her voice is heard like  
Crystal words across the sky  
She moves me like an angel  
She's the mistress of all time

She moves me like an angel  
A voice of pure emotion  
Her tears are like a rainbow ...

### **UNIVERSAL WHEELS** *NATURES RETALIATION*

All the fields are  
Smoke and flame, fire in the sky  
It's a state of emergency  
Much more than meets the eye

Just hide away your tears  
There are many more hidden fears  
As the universal wheels  
Go round n' round n' round

Rivers of pollution  
Taking life from living things  
Running out of oxygen  
There is no way to win

We ignore the signs of nature  
Got to learn to live beside her  
As the universal wheels  
Go round n' round n' round

Better take good care of  
All the things you say and do  
Round n' round n' round  
Look out for the warning sign  
Now it's up to you

There's a mighty eight point six  
Waiting in the ground  
When she opens up  
This world will humble to the sound

There is only one real power  
Creating life by the hour  
See the universal wheels  
See the universal wheels  
See the universal wheels  
Go round n' round n' round n' round

## URIAH HEEP LYRICS 1980 - 2018

### FEAR OF FALLING

#### FALSE TRUST

I've been standing here  
Waiting for you  
But I don't quite know  
What I'm gonna do  
So I drag my heels and  
I scratch the dust  
And I rub my hands  
So I can feel my blood

I see the rain clouds forming  
The dream is disappearing  
And I need it more than you  
But you've got the power with you

You told me lies to protect the truth  
But you won't admit  
What you're really gonna do  
So you hold me to ransom  
Every chance you get  
And you tie me down  
So I'm a broken man

I see the future fading  
The dream is disappearing  
And I need it more than you  
But you've got the power with you

Your words are out of touch  
But they don't help me much  
'Cause I fear the fear of falling  
You seem to hear no warning  
Your words are out of touch  
This dream won't come to much  
'Cause I fear the fear of falling  
Why can't you hear me calling  
Forever calling

You change the rules  
The colour of your skin  
And then slam the door  
So I can't reach in  
I've tried so hard to be heard  
So you think you know it all  
But I'll steal the last word

I've watched the daylight fading  
The dream is disappearing  
And I need it more than you  
But you've got the power with you

Your words are out of touch  
But they don't help me much  
'Cause I fear the fear of falling  
You seem to hear no warning  
Your words are out of touch  
Your dream won't come to much  
'Cause I fear the fear of falling  
Why can't you hear my warning

Your words are out of touch  
This dream won't come to much  
'Cause I fear the fear of falling  
Don't you hear my warning  
Your words are out of touch  
This dream won't come to much  
'Cause I fear the fear of falling

Can't you hear me calling

The dream is disappearing  
'Cause you've got the power with you

So here we are  
This dream has gone too far  
So here we are  
This dream has gone too far

### SPIRIT OF FREEDOM

#### REALISING THE NEW WORLD

I know instinctively  
When something is right  
With no one there to save me  
You came into my life  
The words you whispered  
Still echo in my mind  
Forget about tomorrow  
Forget about time

So good to be alive and touch  
The spirit of freedom in your soul  
In your soul  
So good to breathe the air  
And feel that life is worth living  
Way down deep inside  
There's no time to waste in this life  
There's no time at all  
So good to see the truth and touch  
The spirit of freedom

I never thought that  
I could ever feel this way  
To see the warmest sunlight  
On a cold and rainy day  
Dawn wakes the silence  
And I know that I can't wait  
To hear the words  
I wanna say again and again

So good to be alive and touch  
The spirit of freedom in your soul  
In your soul  
So good to breathe the air  
And feel that life is worth living  
Way down deep inside  
There's no time to waste in this life  
There's no time at all

There's no time to waste in this life  
There's no time at all  
So good to be alive and touch  
The spirit of freedom - in your soul  
In your soul  
So good to breathe the air  
And feel that life is worth living  
Way down deep inside

There's no time to waste in this life  
There's no time at all  
So good to be alive and touch  
The spirit of freedom  
In your soul

### LOGICAL PROGRESSION

#### NEW PERCEPTIONS

You say her love has gone forever  
And something has gone from your soul  
It's left you so cold  
Though you wish you had the answer  
The question is always untold  
Always on hold

What's in the mirror  
What do you see

It's a logical progression  
When you think that you lost all that time  
It's all in your mind

What's in the mirror  
What do you see

Lay down now and close your eyes  
It's only just begun  
'Cause mind and body  
Flow in perpetual motion  
Set free all your memories  
They're tearing you apart  
'Cause you know that  
Love is the only direction

The reputation that you live by  
Says something about what's inside  
Nowhere to hide  
There is no amount of heartache  
That could ever  
Wash over this burning  
Forever learning

Look in the mirror  
Will you do it all again

Lay down now and close your eyes  
It's only just begun  
'Cause mind and body  
Flow in perpetual motion  
Set free all your memories  
They're tearing you apart  
'Cause you know that  
Love is the only direction

You got time on your side  
You know you'll find  
The truth within you  
You got time on your side  
As the seconds tick away  
Love is waiting for you  
You got time on your side

You say her love has gone forever  
And the image has left you so cold  
Still in your soul  
There's no way you're gonna turn back  
You'll never wash over this burning  
Forever learning

Look in the mirror  
Will you do it all again

## URIAH HEEP LYRICS 1980 - 2018

Lay down now and close your eyes  
It's only just begun  
'Cause mind and body  
Flow in perpetual motion  
Set free all your memories  
They're tearing you apart  
'Cause you know that  
Love is the only direction

Lay down now and close your eyes  
It's only just begun  
'Cause mind and body  
Flow in perpetual motion

You got time on your side  
As the seconds tick away  
Love is waiting for you

### **LOVE IN SILENCE** *KNOW YOURSELF*

This is our world, our future  
These are our times  
I believe we have to see  
In silence there's no mystery

The world is so busy talking  
What do they know  
They're missing out on being alive  
Words are turning into lies

We're looking for love to guide us  
What do we know  
The truth is never to be told  
It's waiting there inside your soul

The innocent join  
In fighting so easily  
In a world of pain and war  
Who knows what they're fighting for

What they're fighting for  
Oh, what they're fighting for  
What they're fighting for

Many rivers running out to sea  
One heart with a cry for love  
Many dreamers in a moonlit sky  
One sigh and they are gone

Love is the one direction that leads to  
truth  
Knowing in your heart what's right  
You'll walk upon the sea of light

There's something in love and silence  
That you can find  
Know yourself and all around  
Listen to the only sound

Many rivers running out to sea  
One heart with a cry for love  
Many dreamers in a moonlit sky  
One sigh and they are gone ...

### **WORDS IN THE DISTANCE** *LOVE AWARENESS*

Dancing with danger  
Tears in my eyes  
Love ain't no stranger  
So many goodbyes  
Words in the distance  
Are calling me

Just when I thought  
I could make a a new start  
Here comes another fire  
Burning in my heart  
Words in the distance  
Are calling me

And to get to heaven  
You gotta go through hell  
I cut my heart on the wishing well

You know that I'm crazy  
I'm just a fool  
To say I love I love I love you  
You know that I'm crazy, just a fool  
To say I love I love I love you

My senses burning from  
The heat of your skin  
Deeper than deep  
I feel you moving in, oh  
Words in the distance  
Are calling me

And to get to heaven  
You gotta go through hell  
I cut my heart on the wishing well

You know that I'm crazy, I'm just a fool  
To say I love I love I love you, well  
You know that I'm crazy, just a fool  
To say I love I love I love you  
I love you

I hold this moment of magic  
I hold it in my hand  
A single moment of heaven

Don't you know that I'm crazy  
I'm just a fool  
To say I love I love I love you, yeah  
You know that I'm crazy, just a fool  
To say I love I love I love you ...

Don't you know I love you baby  
Can't you feel it in my heart, yeah  
And I don't know what to say, no  
Well I've got a fire in my soul  
I don't know which way to go  
Or I don't know what to do, no

### **FIRES OF HELL** *THE FUTILITY OF WAR*

Oh, I was born your only son  
And I will think of you  
Before this day is done

The fires of hell surround me now  
So I must fight for freedom  
Against their raging guns

In all my life I never said  
How much I loved you  
In all this time  
I never really said I cared

This war is wrong and so  
I write these words  
Before I give my life to the Somme

In all my life I never said  
How much I loved you  
In all this time  
I never really knew you

The fires of hell surround me  
The guns of hell  
Will take my breath away  
From my life this day  
The fires of hell surround me  
The words I say must never disappear  
Keep them locked inside your heart

I can hear the piper's song  
And it will play for me  
Before this day is done

So I will hold my head up high  
If I must give my life  
To stop their raging guns

In all my life I never said  
How much I loved you  
In all this time  
I never really knew you

The fires of hell surround me  
The guns of hell  
Will take my breath away  
From my life this day  
The fires of hell surround me  
The words I say must never disappear  
Keep them locked inside your heart ...

Oh, I was born your only son  
And I thank God for that and  
That that will be done

### **DREAM ON** *BEING, IN LOVE* *Album version*

Been travelling this road for so long  
My eyes are tired but I carry on  
The sun lays down its golden threads  
I need a place to rest my head  
Although I am far from home now  
My soul's with you

It's hard to be out here on my own  
So far away, so far from home  
I need to touch and feel your skin  
To live this dream in sleep again  
Although I am far from home now  
My soul's with you

## URIAH HEEP LYRICS 1980 - 2018

So dream on, dream on  
Freedom comes with timeless sleep  
Dream on, dream on  
In the arms of night  
Your silent shadow gently speaks  
Dream on, dream on

This hotel room's a lonely place  
It's a one night cell I must escape  
So I drink away my loneliness  
So I can sleep and dream again  
Although I am far from home now  
My soul's with you

So dream on, dream on  
Freedom comes with timeless sleep  
Dream on, dream on  
In the arms of night  
Your silent shadow gently speaks  
Dream on, dream on

And as I fall into  
The darkness of the night  
You come to rescue me to  
Shield me in your light  
I feel your touch  
The softness of your skin  
You hold me close before  
The day breaks in  
This dream's so true, my heart it beats  
It beats, it beats for you, for you

Although I am far from home now  
My soul's with you

So dream on, dream on  
Freedom comes with timeless sleep  
Dream on, dream on  
In the arms of night  
Your silent shadow gently speaks  
So dream on, dream on  
Dream on, dream on  
So dream on, dream on

Dream on

#### SAIL THE RIVERS

*Out-take, released on SPELLBINDER  
live album.*

Would you give me one more chance  
If I agree to your demands  
Or will you turn the knife  
Keep me in pain till I can't take no more  
Would you take the breath of my life  
Or are you lookin' for something  
I never do right  
I should be the one to let go  
I could free your body and soul

So here we stand like actors in a play  
On an empty stage  
Not knowin' what to say  
I tried so hard to get through to you  
'Cos don't you know I still need you  
Oh, I need you

If I ask for one more night  
Would you let me bathe in your light  
Would you let me cover you up  
And wrap myself around you  
So you feel my love  
Is this just the heat of the day  
Or am I really feelin' this way  
I see your silent teas before the storm  
I feel the breeze from a love that's gone

You've always walked on the open sand  
You'd risk it all so I'd reach out my hand  
I tried so hard to hold on to you  
'Cos don't you know I still need you

Sail the river and drift away  
Find yourself on another day  
Don't reach out  
You have to hold me in bay  
'Cos I will always follow you  
Take a knife and cut me down  
Spill my blood  
Watch it fall to the ground  
There's no way to turn me around  
'Cos I will always follow you  
Be a part of you

If I was to offer my life  
I'd give it up just to  
Bathe in your light  
And you could have it  
You could have it all  
My heart, my body, my soul  
Is this just the heat of the day  
Or am I really feelin' this way  
I wipe away the tears  
Before the storm  
I feel the breeze  
From a love that's gone

So here we stand with nothing left to say  
I give it all but you turn me away  
I tried so hard to get through to you  
But don't you know I still need you

Sail the river and drift away  
Find yourself on another day  
Don't reach out  
You have to hold me in bay  
'Cos I will always follow you  
Take a knife and cut me down  
Spill my blood  
Watch it fall to the ground  
There's no way to turn me around  
'Cos I will always follow you  
Be a part of you

Sail the river and drift away  
Find yourself on another day  
Sail the river and drift away  
'Cos I will always follow you  
I will always be a part of you

Sail the river and drift away  
Sail the river and drift away  
Sail the river ...

#### SONIC ORIGAMI 1998

#### BETWEEN TWO WORLDS

You're not the only one  
Amongst the saints and sinners  
There are those that we can see  
And those no longer with us  
To take that walk again  
With someone you were close to  
On stage in the other world tonight

## URIAH HEEP LYRICS 1980 - 2018

And there are many who  
Will say it's speculation  
We need to focus on  
The sleeping generation  
The healing vision  
That extends beyond the pain  
Will take you there and back again

I can remember  
You were no stranger  
As you came to me  
Dreamers walking  
And in that moment  
Between two worlds  
I saw the furthest star  
Exploding all around you

And through the journey  
You spoke in silence  
And you made it clear  
Walk in peace now  
Then you touched me  
Revealing all upon your way  
Inside the burning fountain of time  
Of time ... of time ... of time ...

A time so real as the one  
We share each day  
The same dimension  
Just a heartbeat away  
In every part of you  
There's so much exploration  
Out on the edge of space and time

### I HEAR VOICES

I feel the pressure  
Pushing down on me  
Can't face the world  
Can't change the things I see

I got my hands in my pockets  
Staring at the walls  
Can nobody help me  
To escape from it all

I hear voices in my head  
They taunt me  
Can't lock them out  
Inside my thoughts  
They breathe in me

I got my hands in my pockets  
Screaming at the walls  
Can nobody help me  
To escape from it all

I've got to run to be free  
Break the chains round my heart  
Take away the pain and the joy  
Release the man from the boy  
Run to be free, run from the heart  
Life will take you where it goes

You can offer me salvation  
Feed me when I call  
Don't talk to me of sanity  
When I'm not quite here at all

I've touched the sun  
I felt its warmth in me  
So you will never take away my dignity

Cause I've got my hands in my pockets  
Fighting for my cause  
Can nobody help me  
To escape from it all

I've got to run to be free  
Break the chains round my heart  
Take away the pain and the joy  
Release the man from the boy  
Run to be free, run from the heart  
Life will take you where it goes

Run to be free  
Break the chains round my heart  
Take away the pain and the joy  
Release the man from the boy  
Run to be free, run from the heart  
Life will take you where it goes

Run to be free  
Break the chains round my heart  
Life will take you where it goes  
Run to be free  
Run from the heart

### PERFECT LITTLE HEART

When I think about it  
Does anybody win  
Taking for yourself  
And giving nothing  
Now that we're apart  
I see it wasn't really love  
I can ride down the road  
And let my soul run free

You may think it over  
But no matter what you say  
You're talking to yourself  
And getting nowhere  
There ain't no second chances  
No reason to pretend  
I'm gonna ride down the road  
And let my soul run free

Now that we've grown apart  
It seems so very sad  
Why did it turn so bad and I remember  
You said that all good things  
Must surely end  
Never mind all the hearts  
That lie broken

I know I'll never make  
The same mistake again  
I doesn't matter what you say

Now I think about it  
We all need a little time  
'Cause if we ain't got love  
We ain't got nothing  
The doors are opened wide  
On my one and only life  
Gonna ride down the road  
And let my soul run free

Now that we've grown apart  
It seems so very sad  
Why did it turn so bad  
And I remember  
You said that all good things  
Must surely end  
Never mind all the hearts  
That lie broken

I know I'll never make  
The same mistake again  
But I will always be your friend

Now that we've grown apart  
It seems so very sad  
Why did it turn so bad  
And I remember, and I remember

You said that all good things  
Must surely end  
Never mind all the hearts  
That lie broken

I know I'll never make  
The same mistake again  
I doesn't matter what you say

You said that all good things  
Must surely end  
Never mind all the hearts  
That lie broken

I know I'll never make  
The same mistake again  
I doesn't matter what you say

Let my soul run free  
Let my soul run free  
Did I break your  
Perfect little heart ...

### HEARTLESS LAND

I know the world is full of light  
So why can't things just work out right  
Oh take me, take me  
From this heartless land  
It used to be so full of love  
But now it's only push and shove  
Oh take me, take me  
From this heartless land

Just a breath of new life  
Into an empty sky  
From deep inside where love must lie

No need to play the perfect fool  
Stand up for love, break the rule  
Oh come with me, you know that you can  
I see the sky, I see the ground  
What's in between must now be found  
There is no life inside this heartless land

Just a breath of new life  
Into an empty sky  
Somewhere in your soul  
Where love must lie

## URIAH HEEP LYRICS 1980 - 2018

And I say: Come to the light  
Everyday is getting closer  
To your sweet surrender  
Out of the cold  
'Cause I found a way  
That we can fly forever  
With direction and peace of mind  
The river will flow

Come to the light, my love  
'Cause I need you here  
I need you here tonight

The chains of love they run so deep  
But the hand that writes the law is weak  
Oh take me, take me  
From this heartless land  
'Cause it's the place the broken go  
The place that we don't want to know  
There is no love inside this heartless land

Just a breath of new life  
Into an empty sky  
Somewhere in your soul  
Where love must lie

And I say: Come to the light  
Everyday is getting closer  
To your sweet surrender  
Out of the cold  
'Cause I found a way  
That we can fly forever  
With direction and peace of mind  
The river will flow

Come to the light  
Everyday is getting closer  
To your sweet surrender  
Out of the cold  
'Cause I found a way  
That we can fly forever  
With direction and peace of mind  
The river will flow

Come to the light, my love  
'Cause I need you here  
I need you here tonight

### ONLY THE YOUNG

I haven't listened to a word you've said  
I've been wandering inside my head  
Don't care what you think of me  
You only see what you want to see  
So here I am in my paradise  
In my heaven everything is alright

Only the young stay young I said  
Speaks the kid inside my head  
Only the young stay young inside  
Only the young - only the young  
Only the young - only the young

I've been around for a long time  
Losing my way but not my mind  
So I drink and play you along  
But who cares when the fire burns on  
So I'm out here in my paradise  
It's my heaven and it feels so right

Only the young stay young I said  
Speaks the kid inside my head  
Only the young stay young inside  
Only the young stay young I said  
Speaks the kid inside my head  
Only the young stay young at heart  
Only the young - only the young  
Only the young - only the young

Live your life - in this time  
We've only today - drink life's wine  
Don't be fooled  
Don't believe what they say  
Don't believe what they say

I haven't listened to a word you've said  
Say what you like  
You're not in my head  
Time goes with each breath we take  
It rules the world the day we awake  
So here I sit here in my paradise  
Don't give a damn everything is alright

Only the young stay young I said  
Speaks the kid inside my head  
Only the young stay young inside  
Only the young stay young I said  
Speaks the kid inside my head  
Only the young stay young at heart

Only the young - only the young ...

### IN THE MOMENT

Here we are  
Once more in a world full of fantasy  
Dream again  
You need to believe in a future  
That's bright as the sun  
Shining there for you  
Shining here for me  
I am the mountain high, I am the sea

In the moment you take possession  
It'll all disappear and there's the lesson  
And the minute you think it's over  
Say the word and your  
Dream is coming back

All the way  
I followed the road that was real to me  
And suddenly you take it for granted  
And things don't turn out  
Like you planned  
When you think you've found  
What is good and true  
Through the open door  
It can really turn on you

In the moment you take possession  
It'll all disappear and there's the lesson  
And the minute you think it's over  
Say the word and your  
Dream is coming back

So here we are  
We look for the light in so many eyes  
And in our life when hope starts to fade  
There's a strength that  
We give to each other  
Walking in the sky over everyone  
Head above the clouds  
As we're touching the sun

In the moment you take possession  
It'll all disappear and there's the lesson  
And the minute you think it's over  
Say the word and your  
Dream is coming back ...

### QUESTION

There's a lie that runs  
Across the human race  
There's a truth that draws  
A tear upon your face  
A child is crying and it echoes  
All over the world

If we try to find some  
Deep communication  
Bring an end to war  
And start a new creation  
From the truth inside  
It's waiting, it's waiting

Suddenly then the clearest voice will call  
Feeling the air you have no choice at all

Can I ask the question to you  
Do you know who you are  
Do you know what we're doing here  
Try to see the way from within  
'Cause it isn't outside  
Let your honesty see it clear

Why does anger fit our hearts  
With misconception  
Turn us inside out  
In every direction  
From the truth inside  
That's waiting, it's waiting

Follow the voice that lives  
Inside your heart  
Never the choice that tears  
Your world apart

Can I ask the question again  
Do you know who you are  
Do you know what we're doing here  
Try to see the way from within  
'Cause it isn't outside  
Let your honesty see it clear

Take a walk and be  
A wave upon the ocean  
Touch the sky and  
Feel our spirit in motion  
This is the love inside  
That's waiting, just waiting

## URIAH HEEP LYRICS 1980 - 2018

Suddenly everything is there to see  
You can be everything you want to be

I gotta ask the question again  
Do you know who you are  
Do you know what we're doing here  
Try to see the way from within  
'Cause it isn't outside  
Let your honesty see it clear

Are you ready to go my love  
Are you ready to be my love  
Are you ready to die for love

The incredible gift of life  
Where the fire within burns bright  
Every moment we live is true  
And the spirit is all in you

### CHANGE

Once there was a man of power  
Had no care for human life  
Then one day he saw his living lie  
Growing all around him  
The wheel of change had taken over  
Found a love he never knew  
Now he teaches children what is true  
Gather all around him

What made him choose to turn away  
What makes us change our mind  
The will to see turns you around  
There is no explanation why  
There is no rhyme or reason  
Just feel the love and you're alive

Running around in your confusion  
From the cradle to the grave  
Ain't got time to see the world go by  
Where are you going  
Always moving round in circles  
Talking words that never end  
Standing in the grip of madness  
Why oh why, what are you saying

How can we choose to turn away  
How do we change our mind  
See the perception turn around  
There is no explanation why  
There is no rhyme or reason  
Just feel the love and you're alive

Realise this understanding  
Move before it gets too late  
Take this chance  
Or life will pass you by  
This is the only way  
We must pull ourselves together  
There's so much we must explain  
Got to teach the children what is true  
There is no other way

Why did we choose to turn away  
Why did we change our mind  
The will to see turns you around  
There is no explanation why  
There is no rhyme or reason  
Just feel the love and you're alive

### SHELTER FROM THE RAIN

When our hearts were young  
We put our hands into the flames  
Felt the heat from our emotions  
We had fire in our veins  
All those night we'd spend  
Alone in your room  
Though my silent thoughts  
I still remember

We would use the power of love  
Free our souls in endless love  
We would sacrifice our hopes and dreams  
Because without love  
Our world would surely die

When our hearts were young  
We never thought that life would change  
Now the seasons go on  
Oh why do we shelter from the rain  
And all those nights we'd spend  
Alone in your room  
Through my silent thoughts  
I still remember

We would use the power of love  
Free our souls in endless love  
We would sacrifice our hopes and dreams  
Because without love  
Our world would surely die

When our hearts were young  
We had fire in our veins  
And each time we touched  
We'd melt in the flames  
When our hearts were young  
We knew pleasure, we knew pain  
But each time we kissed  
We'd burn in the flames  
Feel the fire in our veins

We would use the power of love  
Free our souls in endless love  
We would sacrifice our hopes and dreams  
Because without love  
Our world would surely die ...

When our hearts were young ...

### EVERYTHING IN LIFE

It doesn't matter what you say  
The cards are in your favour  
We don't need no magic ride  
To take you far away  
Just give it a silent thought  
And you will find the power

'Cause everything in life  
Will tell you something  
Yeah everything in life  
Can set you free

Can you remember a distant dream  
That holds your real attention  
You don't need a preacher's word  
To know what's going on  
The secret is all aboard  
The wings of your perception

'Cause everything in life  
Will tell you something  
Yeah everything in life  
Can set you free

Stand and fight your troubled mind  
Wait no longer, see the power in your life

Disbelievers come on strong  
Lost in self importance  
They don't know an average man  
Can see this mystery  
Jump into the twilight world  
And gather your awareness

'Cause everything in life  
Will tell you something  
Yeah everything in life  
Can set you free ...

### ACROSS THE MILES

When I'm all alone on a distant path  
And my ticket home  
Has been torn in half  
Oh, I can hear your voice girl  
I can feel your touch  
Across the miles tonight

On the road again will it always be  
That the dream has changed  
On its way to reality  
Oh but the thought of you  
Strange how it pulls me through  
Across the miles tonight

And I am sending this message  
Through the wires tonight  
Just close your eyes and hold on tight  
And here I am concentrating girl  
With all my might  
Now the sound of your laughter  
Trails off through the midnight sky

As the miles go by cities come and go  
When you close your eyes  
And listen to the radio  
Girl can you hear my song  
The signal is clear and strong  
Across the miles tonight

And I am sending this message  
Through the wires tonight  
Just close your eyes and hold on tight  
And here I am concentrating girl  
With all my might  
Now the sound of your laughter  
Trails off across the miles

And I am sending this message  
Through the wires tonight ...

## URIAH HEEP LYRICS 1980 - 2018

### FEELS LIKE

I can feel your sadness  
From what I said to you  
I'm drinking my forgiveness  
So restless and confused  
I don't know what I see  
But it looks a lot like love  
Showing me something  
Deeper then deep in my soul

And it makes me feel like  
I'm at the point of no return - feels like  
I'm at the point  
It makes me feel like  
I'm at the point of no return - feels like

I was drifting through the days  
With nowhere else to turn  
I finally discovered  
How much I have to learn  
I shouldn't be afraid  
For you to bring my love  
Taking me somewhere  
Deeper than deep in my soul

And it makes me feel like  
I'm at the point of no return - feels like  
I'm at the point  
It makes me feel like  
I'm at the point of no return - feels like  
I'm at the point

This time my heart will lead the way  
To win the game you got to play

You love me like a lover  
I see it in your face  
No need to think it over  
No need to run the race  
I don't know if you planned it  
But you're driving me insane  
Telling me something  
Over and over again

And it makes me feel like  
I'm at the point of no return - feels like  
I'm at the point ...

Oh, no turning back

### THE GOLDEN PALACE

Locked behind the door  
Taken by force  
But I'm not guilty of the crime  
How can this be real  
What is against the law  
To say what's on your mind

Then I see your face  
So warm as it comforts me  
And tells me I am not alone  
Pray for me tonight  
Give me the strength of love  
To help me cross the virgin snow

I will run till daybreak  
My tears will fade away  
They'll never take me again  
No I'm never going back  
'Cause when I get to the golden palace  
Everything will surely be so clear

Can we give ourselves  
Like a mother to her child

They took a part of me  
Whenever I think of it  
I shiver to the bone  
The scar is on my heart  
When will the crimes of  
Inhumanity be known

I am only one voice  
I will not fade away  
So many are silent  
But I will never look back  
'Cause when I get to the golden palace  
Everything will surely disappear

Can we give ourselves  
Like a mother to her child  
Can we give ourselves  
Like a mother to her child

The snow has gone at last  
I'm out of the shadows  
And into the sun  
And then I see you smile  
Angel of mercy  
The fight has jus begun

I can hear them calling  
Across the frozen land  
The world will hear us  
You know it's never too late  
'Cause when we get to the golden palace  
The memory will surely be so clear

Can we give ourselves  
Like a mother to her child ...

### SWEET PRETENDER

I didn't see you standing there  
You took me by surprise  
In your long silk dress  
And those deep brown eyes  
I was captured by your smile  
But when fate put out its hand  
You're walking to your love  
How was I to resist  
The passion and the kiss  
We raised the future alone

She stole my body and soul  
With a heart next to mine  
I didn't wanna face the day  
But I have no choice when we kiss

She said: Goodnight my sweet pretender  
Tonight we live forever  
One heart, one soul  
On the edge of the world

Goodnight my sweet pretender  
Feels like we died together  
In each others arms  
On the edge of the world

When she touched me so warm  
And so was her body  
A kiss she gave to me  
The name she said to pain and pleasure  
Time my soul rescue me  
But I know I'd be here on my own  
As soon as the sun would rise  
I didn't wanna face the day  
But I have no choice when we kiss

She said: Goodnight my sweet pretender  
Tonight we live forever  
One heart, one soul  
On the edge of the world  
Goodnight my sweet pretender  
Feels like we died together  
In each others arms  
On the edge of the world

I've dreamed of a place I know  
With the shadows of my past still remain  
You're buried in the midst of time  
For always you'll be the sun that shines  
Shines on me

She said: Goodnight my sweet pretender  
Tonight we live forever  
One heart, one soul  
On the edge of the world  
Goodnight my sweet pretender  
Feels like we died together  
In each others arms  
On the edge of the world

Goodnight, goodnight  
My sweet pretender ...

### WAKE THE SLEEPER 2008

### WAKE THE SLEEPER

Wake The Sleeper

### OVERLOAD

Tonight you're going to  
Overload your mind  
Move into another world  
There for you online  
A high speed chase that  
Leads you to the unknown  
Time will disappear so fast  
For you and you alone

A universe in isolation  
Feeding your imagination

## URIAH HEEP LYRICS 1980 - 2018

No-one cares about  
The role you play  
Generations lost in space  
A million miles away  
Life moves faster  
Than the speed of sound  
You think you've got  
Complete control  
It makes your world go  
Round and round

Digital communication  
Feeding your imagination

Coded warning  
Now you're falling into overload  
Countdown started, no way out  
Hit the mother lode

The power that you crave  
For more and more  
You try to understand the things  
That you are for  
When multi channel  
Meltdown gets to you  
You'll reach the breakpoint  
When it's over, what you gonna do

Seeing your determination  
Feeding your imagination

Coded warning  
Now you're falling into overload  
Countdown started, no way out  
Hit the mother lode

A universe in isolation  
Feeding your imagination  
You're looking for a new sensation  
Gotta find a real sensation

Coded warning  
Now you're falling into overload  
Countdown started, no way out  
Hit the mother lode

Into overload ...

### TEARS OF THE WORLD

Come and share my moonlit stair  
Things of beauty everywhere  
So much luck it isn't fair  
'Cos the tears of the world keep falling

I got the best of everything  
A better world I could not dream  
You should see what I have seen  
As the tears of the world keep falling

Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we stand together  
Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we stand together

So much wealth on every face  
You're in the fight to win the place  
Or are you just a hopeless case  
As the tears of the world keep falling

You'd like to think that it's not cruel  
Design your future by their rules  
You worship at the feet of fools  
While the tears of the world keep falling

Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we stand together  
Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we take control together

We pushed our way to reach our goal  
Turning silver into gold  
We need to take complete control  
As the tears of the world keep falling

The great divide we know so well  
Will be there at the last farewell  
Unless we break this living hell  
As the tears of the world keep falling

Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we stand together  
Ah ah ah  
The tears of the world keep falling  
Ah ah ah  
Until we learn to stand together

### LIGHT OF A THOUSAND STARS

We stand together like brothers  
Under troubled sky  
So crazy how we came to live this life  
Cross my heart but I refuse to die  
I'm coming home to you

They never gave us any guarantee  
All they want to see is bravery  
I can't live with all this misery  
I'm coming home to you

And I don't know  
Who's on whose side  
Guide me with your love

Give me the light of a thousand stars  
Shine my way back to you  
Show me the road  
Get me over the line  
There's no limit to what love can do

Don't need no badge of honour  
On my sleeve  
The fear of dying gonna set me free  
A part of you is still a part of me  
I'm coming home to you

And I don't know  
Who's on whose side  
Guide me with your love

Give me the light of a thousand stars  
Shine my way back to you  
Show me the road  
Get me over the line  
There's no limit to what love can do

'Cos I keep your picture  
Close to my heart  
You're the sweetest thing in this life  
And if I ever get back home  
I'm gonna fight to keep our dream alive

You know that men are born  
And men will die  
I look at what I am surrounded by  
Gotta get out before I lose my mind  
I'm coming home

Give me the light of a thousand stars  
Shine my way back to you  
Show me the road  
Get me over the line  
There's no limit to what love can do ...

### HEAVEN'S RAIN

I look back on those days  
At the permanent haze  
And the dark that surrounded me  
Then good fortune arrived  
I saw life in your eyes  
You talked about changing views  
Freedom to choose, darkness to light

There lies the kingdom  
Of beautiful stories  
Pure as the heaven's rain  
Shine on the heartache  
The bittersweet glory  
Shine over everyone

Down the road I would fall  
The wrong side of the wall  
Sound of madness  
Moved in for the kill  
Then good fortune arrived  
I saw life in your eyes  
You talked about taking me  
To a place I should know  
Just you and me

There lies the kingdom  
Of beautiful stories  
Pure as the heaven's rain  
Shine on the heartache  
The bittersweet glory  
Shine over everyone

Shine over everyone ...

There's a hole in the sun  
Where I wanted to run  
There were clouds in the open sea  
Then good fortune arrived  
I saw life in your eyes  
You talked about showing me  
A place I should know  
Just you and me

There lies the kingdom  
Of beautiful stories  
Pure as the heaven's rain  
Shine on the heartache  
The bittersweet glory  
Shine over everyone ...

Shine over everyone ...

### BOOK OF LIES

The story of my life  
Was written there in front of me  
The book revealed  
The lines upon my face  
After chapter one  
The images of better times  
Turned into a classic cold embrace  
Just throw the book away

Through your eyes you'll write again  
And the book of lies  
Cuts deep into my mind  
Did I steal your heart  
And leave it in the rain  
I'll never know, no I'll never know

It's me I recognise  
Or am I getting in too deep  
It's getting harder now  
To turn the page  
Did I read my name  
Or is it just coincidence  
Only what is true will cure my rage  
Just throw the book away

Through your eyes you'll write again  
And the book of lies  
Cuts deep into my mind  
Did I steal your heart  
And leave it in the rain  
I'll never know, no I'll never know

Coming to the end  
Sentences are bitter sweet  
Paragraphs that leave me feeling cold  
But it's all too late  
The written world will always be  
The essence of how well  
The story's told  
Just throw the book away

Through your eyes you'll write again  
And the book of lies  
Cuts deep into my mind  
Did I steal your heart  
And leave it in the rain  
I'll never know, no I'll never know ...

### WHAT KIND OF GOD

I rode to my homeland  
And carried the memory  
Over the valley below  
And the heart of a nation  
The war cry was blazing  
And the loss of my brothers and sons  
Were all in the name of civilization

The empty moon saw I was leaving  
With pride and hope in my heart  
The mountains talk of  
Far away dreaming

So came the invasion  
Across from a faraway place  
Into the new world  
With guns and new order  
They gave us religion  
Then took away all of our rights  
And forced us to live  
Behind their new border

The four winds blow  
And bring new vision  
Where children laugh without fear  
The land will speak  
The people will listen

But yesterday my life was fading  
With every reason to die  
Ten miles to the north  
As I rode my red horse  
In the dying sun  
And then when I saw  
The white soldiers  
One hundred or more in a line  
Kill for the land  
Saying their law will stand  
What kind of god do they see?

The fighting is over  
No matter what fear they might bring  
My country will live  
The dust clouds are falling  
I stood by the river  
And breathing the air that is life  
Within the black hills  
My spiritual calling

But yesterday my life was fading  
With every reason to die  
Ten miles to the north  
As I rode my red horse  
In the dying sun  
And then when I saw  
The white soldiers  
One hundred or more in a line  
Kill for the land  
Saying their law will stand  
What kind of god do they see?

What kind of god can this be?

### GHOST OF THE OCEAN

A ghost of the ocean  
Tells of the women of the sea  
They ran from oppression  
In the forgotten history

No innocents  
No leader to defend  
No god, no government  
And it's hard to believe  
They were riders on the sea

Women of fortune  
Always to be prepared to die  
Blood on the knife edge  
Flag of the sea lord flying high

No innocents  
No leader to defend  
No god, no government  
And it's hard to believe  
They were riders on the sea

A world of action, strong and free  
Adventure war and loyalty  
The mermaid tyrant loved to fight  
She ties the noose and pulls it tight

Treacherous island  
Somewhere to hide on no man's land  
Ships in the harbour  
Waiting to hear the battle plan

No innocents  
No leader to defend  
No god, no government  
And it's hard to believe  
They were riders on the sea ...

### ANGELS WALK WITH YOU

I only know what I'm feeling  
Do you know it's true  
'Cos I've searched for you  
'Cos I believe in you

Why do we walk in shadows  
While this world falls apart  
'Cos I'd die for you  
'Cos I know angels walk with you

In my hands I hold nothing  
The more I have the less I use  
If I'd gone down that road forever  
I would not have found you

And a new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you

If we sit and do nothing  
Will the light surely fade?  
Can I trust in you forever?  
If you show me the way

A new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you  
Yeah, walk with you, with you  
Yeah, walk with you  
'Cos I'd die for you  
'Cos I know angels walk with you

A new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
A new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you

### SHADOW

There is illusion in my mirror  
I have to show concern  
'Cos what is left is right  
Don't know which way to turn  
And there is someone who is like me  
But all they want to do is stare  
And he would like to find the key  
But I'm not there

Shadow, nothing but a shadow  
Sunlight, never see the sunlight  
Power, I got a special power  
Shadow, nothing but a shadow

And now I'm moving down the sidewalk  
Just staring at the ground  
And if I don't look up the scene  
Will change around  
And we are residents of nowhere  
What do we really say  
Like a marionette just  
Acting out a play

Shadow, nothing but a shadow  
Sunlight, never see the sunlight  
Power, I got a special power  
Shadow, nothing but a shadow

I thought I saw a face that I knew  
While running through the crowd  
Then she turned to look at me  
I didn't really feel a thing  
Just floating through the air  
A trick of light for all to see

Shadow, nothing but a shadow  
Sunlight, never see the sunlight  
Power, I got a special power  
Shadow, nothing but a shadow

### WAR CHILD

Open your eyes, you're still here  
Still safe, at peace in this world  
So great, you're free  
You don't have to fight for your life  
But just say, just say  
There's fire from the sky  
And you're burning alive

Why all this pain  
And poison in her mind  
What can you change  
When hatred made her blind  
Soldiers, no reason to look into her eyes  
No one to hold her  
No one who really cares

Lifeless expressions  
Destroyed all conceptions  
For children in the street  
Who's there to help you  
When all is forgotten and  
Torn apart by fear  
No one to hold her  
No one who really cares

Oh, please don't cry  
Oh, no war child

The struggle for power  
That grows by the hour  
Like the blood beneath her feet  
Dispersing with heartache  
There must be somebody  
To help her in such need  
No one to hold her  
No one who really cares

Oh, please don't cry  
Oh, no war child  
Oh, please don't cry  
Oh, no war child

Open your eyes, you're still here  
Still safe, at peace in this world  
So great, you're free  
You don't have to  
Fight for your life  
War child

Oh, please don't cry  
Oh, no war child  
Oh, please don't cry  
Oh, no war child  
No war child  
Oh, please don't cry  
Oh, no war child  
No war child

#### YOU ARE THE ONLY ONE

*On promotional DJ copy only.*

Sometimes I feel so unsure  
Do I really know what I am looking for  
So many questions are answered before  
Should I believe anymore

I can't stop the way I feel  
The hand of fate and she deals  
I can't stop if I wanted to  
My faith in you

You are the only one  
You are the rising sun  
You are the day and night  
I know the words are right  
My dying moment, my hour of need  
Will you be there to rescue me

If I lay my soul at your feet  
Show you baby all I believe  
So many shadows on the wall  
Do you lead me through it all

I can't stop the way I feel  
The hand of fate and she deals  
I can't stop if I wanted to  
My faith in you

You are the only one  
You are the rising sun  
You are the day and night  
I know the words are right  
My dying moment, my hour of need  
Will you be there to rescue me

I can't stop the way I feel  
The hand of fate and she deals  
I can't stop if I wanted to  
My faith in you

'Cos you are the only one  
You are the rising sun  
You are the day and night  
I know the words are right  
My dying moment, my hour of need  
Will you be there to rescue me

You are the only one  
You are the rising sun  
You are the day and night  
I know the words are right  
My dying moment, my hour of need  
Will you be there to rescue me

### CELEBRATION 2009

#### ONLY HUMAN

We're only human ...

Keep on fighting  
Don't let troubles get in your way  
You can change and turn your thinking  
To energy so beautiful

We're only human, looking for direction  
We're only human after all  
We're only human, wanderers and dreamers  
We're only human

Deep satisfaction  
Is there within the magic of life  
And the laws of your attraction  
Say everything you need to know

We're only human, looking for direction  
We're only human after all  
We're only human, wanderers and dreamers  
We're only human

You can't imagine how  
So many people wasting time  
We can achieve the love  
We need so we can shine  
And see the things that life will  
Bring us now in perfect rhyme  
The secret is in you  
Always within you

Sleep on angel  
Show us where you go in your dreams  
And the universe will tell you  
Your wish in life is my command

We're only human, looking for direction  
We're only human after all  
We're only human, wanderers and dreamers  
We're only human ...

We're only human - human - human  
We're only human after all  
We're only human - human - human

We're only human ...

#### CORRIDORS OF MADNESS

I'm looking out over the water  
Feeling the cold in my bones  
A terrible nightmare growing around me  
I never felt so alone  
I'm starting to see my reflection  
A whisper of light in the sky  
The dark water called me, pulling me in  
Down where the old spirits lie

I look at the moon as it flickers  
Through the waves like a lost memory  
I'm losing control as the spirits are laughing  
Singing their dark harmony  
They try everything to destroy me  
They're drawing me into the game  
Question or answer, will I live or die  
Convincing me I am insane

Ah ah ah  
In the corridors of madness  
Ah ah ah  
They go on and on and on  
Ah ah ah  
They say they want to take me home

They live in the world under water  
Maybe we end up this way  
But I'm still alive and I'm frightened to death  
The fear of watery grave  
I'm reaching out into the silence  
Begging for help to appear  
The whisper of light that was there in the sky  
Pulling me into the clear

Ah ah ah  
In the corridors of madness  
Ah ah ah  
They go on and on and on  
Ah ah ah  
They say they want to take me home

So don't look out over the water  
You never know what you will find  
You could be saved or you could be lost  
May even go out of your mind  
So now when you see your reflection  
As spirits are tempting you in  
Calling your name like a lamb to the slaughter  
Fearing the pendulum swing

Ah ah ah  
In the corridors of madness  
Ah ah ah  
They go on and on and on  
Ah ah ah  
They say they want to take me home ...

### INTO THE WILD 2011

#### NAIL ON THE HEAD

In your younger days  
With your goddess ways  
And your gold crest limousine  
You were making trends  
With your so called friends  
With a power so obscene  
Then your hollow heart, it was torn apart  
You were thrown a learning curve  
If you turn your back on good advice  
You get what you deserve

We hit the nail right on the head  
We hit the nail right on the head  
Over and over again ...

He's another guy who just wants to try  
His best to make things good  
He's an honest man with a helping hand  
From a run down neighbourhood  
Then you hear the thud  
You see the blood  
His good work come undone  
Step aside for the one who said  
Only the good die young

I hope you don't misunderstand me now  
'Cos I don't want to get you down  
Just looking out at all he things I see  
And they keep coming round and round

We hit the nail right on the head  
We hit the nail right on the head  
Over and over again ...

Over and over

Now we have to go down a lover's road  
On a path that ain't so smooth  
Many ups and downs  
Many tears and frowns  
As the sweethearts look for truth  
All the lies between what she believes  
Gonna have to take the fall  
No fear that she will ever look back  
As true love conquers all

I hope you don't misunderstand me now  
'Cos I don't want to get you down  
Just looking out at all he things I see  
And they keep coming round and round

We hit the nail right on the head  
We hit the nail right on the head  
Over and over again ..

Over and over

We hit the nail right on the head  
We hit the nail right on the head  
Over and over ...

#### I CAN SEE YOU

She's the candle that lights my room  
Better look out 'cos she's coming here soon  
Ooh, you're in my mind forever  
I hear every word you say  
Ooh, you come to me wherever  
And turn my darkness into day

You taught me how to live a life that's full  
I never realised what it is to be cool  
Ooh, you pushed me off the high board  
And I took it like a man  
Ooh, and now I hit the high score  
Hear me Momma if you can

## URIAH HEEP LYRICS 1980 - 2018

I can hear you, I can touch you  
I can see you in my head  
I can touch you, I can hear you  
I can see you in my head

Hold on tight to the driving wheel  
You gave me strength and nerves of steel  
Ooh, sometimes I do get lonely  
I roll the dice and say a prayer  
Ooh, I think about you only  
I feel the power when you're there

I can hear you, I can touch you  
I can see you in my head  
I can touch you, I can hear you  
I can see you in my head

She's the candle that lights my room  
Better look out 'cos she's coming here soon  
Ooh, if we can stay together  
There'd be nothing in our way  
Ooh, if this could be forever  
Here me Momma when I say

I can hear you, I can touch you  
I can see you in my head  
I can touch you, I can hear you  
I can see you in my head ...

### INTO THE WILD

The troopers are coming  
They want me dead, not alive  
Gonna run into danger  
When they open fire

Don't cry little sister  
I won't be coming home  
Don't cry little sister

In the cold hearted winter  
Dogs are running at my back  
The nightmare is coming in  
And I'm on this frozen track

Don't cry little sister  
I won't be coming home  
Don't cry little sister  
I'll fight this one alone

Red blood on the white snow ...

If you think I'm guilty  
And I'm just a gambling man  
Well no one is above the law  
I'm gonna have to make a stand

Don't cry little sister  
I won't be coming home  
Don't cry little sister  
I'll fight this one alone

Red blood on the white snow ...

Across the land - they're getting closer  
I keep my ear to the ground  
They ride me down - got no mercy  
But I never will be found  
Oh little sister - don't you cry  
You know I cannot stay  
I gotta find a place, a place to hide  
'Cos the blood hounds know my way

It's the same old lies  
Don't believe what you hear about me  
But I'm gonna fight 'till it's over  
Than face the hanging tree

Don't cry little sister  
I won't be coming home  
Don't cry little sister  
I'll fight this one alone

Red blood on the white snow  
Into the wild  
Red blood on the white snow  
Red blood on the white snow  
Into the wild

Red blood on the white snow ...

### MONEY TALK

Dressed right to please the crowd  
All eyes can see by the way you walk  
Watching you dance around  
Heaven lies down, see the money talk

Kiss her in picture books  
Watching her moves like a hungry hawk  
Streets full of dirty looks  
Heaven lies down for the money talk

Down for the money  
Down, down for the money  
Down for the money  
Down, down for the money

Travel the dusty road  
Trying your best not to fall apart  
Let go your heavy load  
See every man's got a hungry heart

Down for the money  
Down, down for the money  
Down for the money  
Down, down for the money

Dressed right to meet her crowd  
All eyes can see by the way she walk  
Watching her dance around  
Heaven lies down, see the money talk

Down for the money  
Down, down for the money  
Down for the money  
Down, down for the money

### I'M READY

The flame burns inside of me  
Sending me to who knows where  
Got my finger on the pulse of life  
I take my chances I don't care

Walking with the sun shining down on my face  
Seeing all the pieces just fall into place  
When I feel I can understand  
Why fate takes a hand  
Well, I know that I'm ready

Running through the howling wind  
Moving through the stinging rain  
If you don't take what is given  
You only have yourself to blame

Walking with the sun shining down on my face  
Seeing all the pieces just fall into place  
When I feel I can understand  
Why fate takes a hand  
And I know I'm ready

I know so many people  
Who never see the light of day  
All kinds of trouble and worries  
Seem to get in their way

Walking with the sun shining down on my face  
Seeing all the pieces just fall into place  
When I feel I can understand  
Why fate takes a hand  
I'm walking with the sun shining down on my face  
Seeing all the pieces just fall into place  
When I feel I can understand  
Why fate takes a hand  
And I know that I'm ready

I'm ready  
I'm ready  
Yeah yeah, I'm ready  
I'm ready  
Yeah, I'm ready  
Yeah, I'm ready

### TRAIL OF DIAMONDS

I had a dream at daybreak  
The whole of time stood still  
And in my crystal vision  
I saw a shadow on a hill

And then she started walking  
In to the bright blue sky  
I tried to follow closely  
And I knew the reason why

Then the dream it turned so slowly  
Like a dream within a dream  
She appeared to me so ghostly  
And she kissed me with a smile

## URIAH HEEP LYRICS 1980 - 2018

And then I saw her falling  
In to the strangest town  
Our distance never changing  
As the walls are crashing down

Then the dream it moved so slowly  
Like a dream within a dream  
Then she turned to me so ghostly  
And she kissed mw with a smile

Like a secret that the heart makes  
Must be careful what I wish for  
Could this dream last forever  
Until the end of time

With a vision of perfection  
In this world of ecstasy  
Need the strength so I can hold on  
Don't want to die before I wake up

I had a dream at daybreak  
You came and touched my soul  
The deepest sense of wonder  
Is knowing how to lose control

We left the ground together  
So easy for us to fly  
Leaving a trail of diamonds  
That were seen for miles and miles

So the dream that moved so slowly  
Was a dream within a dream  
Then she turned to me so holy  
And she kissed me with a smile

### SOUTHERN STAR

Crowds were waiting on the quay  
For their hero of the sea  
From the greatest battle won  
A toast to freedom for everyone

He talked of fear and the cannons roar  
Sent a thousand souls to the ocean floor  
Victory was a simple plan  
Put in place by no common man

Set sail for the southern star  
Set sail for the southern star  
Haul away you restless souls  
Set sail for the southern star

He says that he won't sail no more  
He's hanging up his uniform  
But he cannot control his soul  
He's got to chase that pot of gold

Set sail for the southern star  
Set sail for the southern star  
Haul away you restless souls  
Set sail for the southern star

Ever fearless universe  
Hold our nations together  
Teach these words to young and old  
Forever

Cut the anchor, today we sail  
On trackless seas through storm and gale  
To where the deepest water lies  
To the warmer winds and balmy skies  
Never to return

Set sail for the southern star  
Set sail for the southern star  
Haul away you restless souls  
Set sail for the southern star ...

### BELIEVE

With the light of the world upon us  
There'll be nothing to come between us  
Something up ahead worth fighting for

You're thinking that life is easy  
There's a danger you cannot see  
Do you know who is coming through  
your door?

To be one and free  
That's all we need  
Let the morning sunlight  
Take away your fear

Better believe you'll come alive again  
If you believe that all the world  
Will change for me and you  
Better believe you'll come alive again  
'Cos when you believe it  
Then it will happen

You will find that there's so much giving  
Look for help and see how we're living  
It's all the things you've  
Never done before

If you're one and free  
That's all you need  
Let the morning sunlight  
Wash away for fear

Better believe you'll come alive again  
If you believe that all the world  
Will change for me and you  
Better believe you'll come alive again  
'Cos when you believe it  
Then it will happen

Now I have your concentration  
Now I've got your imagination  
In a world I could not ask for more  
When you're dealing with frustration  
All you need is determination  
There's so much life worth fighting for

Better believe you'll come alive again  
If you believe that all the world  
Will change for me and you  
Better believe you'll come alive again  
'Cos when you believe it  
Then it will happen ...

You better believe it ...

### LOST

I could feel you moving in closer  
But I didn't know you were in disguise  
And I believed in the power of order  
But I couldn't tell your truth from the lies

Feeling my way, lost in the haze  
No turning back, lost in your gaze

I was free but now I run for cover  
'Cos I didn't know if I'd survive  
I could feel my heart beat faster  
But I couldn't tell what she had in mind

Feeling my way, lost in the haze  
No turning back, lost in your gaze  
Lost in your gaze  
Lost, so lost in your gaze

I can't breathe  
She pulls me under pressure  
Holds me down, oh won't let go  
I didn't know if she was fire and water  
I should know she would take control

Feeling my way, lost in the haze  
No turning back, lost in your gaze  
Lost in your gaze  
Lost, so lost in your gaze  
Lost, so lost in your gaze  
Lost

### T-BIRD ANGEL

She's got me going crazy  
Right over the speed of sound  
And I swear if she knew what she can do  
This thing would leave the ground

She's got a streamline body  
Shines like pearls in a rich man's eyes  
She's there on the list of desire  
Won't you let me take my prize

I gotta have this T Bird Angel  
So we can fly away  
I gotta have this T Bird Angel  
And drive all night and day

She's a two door diva  
Yeah, just what I'm looking for  
And lost in this moment of madness  
It only makes me want her more

I gotta have this T Bird Angel  
So we can fly away  
I gotta have this T Bird Angel  
And drive all night and day

She's my one temptation  
There with her headlights on  
She's never too much to handle  
On the road where she belongs

We're burning out on the highway  
Me with my foot to the floor  
No wonder why everybody goes crazy  
Gotta drive this T-Bird more

I gotta have this T Bird Angel  
So we can fly away  
I gotta have this T Bird Angel  
And drive all night and day  
I gotta have this T Bird Angel  
So we can fly away  
I gotta have this T Bird Angel  
And drive all night and day  
T Bird Angel  
And drive all night and day  
Far way, so far away  
So far away

### KISS OF FREEDOM

Looking out at the open space  
There's a new world beginning  
Got my head a-spinning  
I had to laugh coz I thought it was  
Too late to find a rhyme

Now I'm breathing, now I'm seeing  
All the love that is flowing  
Confidence a-growing  
Riding high on the magic carpet  
Way ahead of time

We'll taste the kiss of freedom  
It calls our name  
And everyone will shine  
Truth is yours and mine ...

Who cares about right or wrong  
When it's down to the feeling  
That sets me head a-reeling  
You know it takes no rocket science  
To know what's going on

There'll be hands a-touching hands  
When we turn to each other  
From the sky to the gutter  
And the thrill of a lifetime  
Coming down and living on

We'll taste the kiss of freedom  
It calls our name  
And everyone will shine  
Truth is yours and mine ...

Looking out at the open space  
There's a new world beginning  
Gets your head a-spinning  
Flying over the wide horizon  
Far away from time

We'll taste the kiss of freedom  
It calls our name  
And everyone will shine  
Truth is yours and mine ...

#### HARD WAY TO LEARN

*On Japanese SHM-CD Only.*

I should have walked away  
When I lost faith  
But I knew deep inside  
It was no disgrace  
You see, sometimes in life  
You have to know your place  
And it's a hard way to learn

I thought I was in control  
And all I had was safe  
But there was no way I could know  
That the risk was too great  
You see, sometimes life takes you  
Where you don't wanna go  
And it's a hard way to learn

It burns you up inside  
There is no truth without lies  
It takes your soul away  
'Cos it's a hard way to learn

I watched the world go by  
From outer space  
But there's nowhere left to hide  
In such a lonely place  
You see, sometimes you just  
Have to know your place  
And it's a hard way to learn

It burns you up inside  
There is no truth without lies  
It takes your soul away  
'Cos it's a hard way to learn

I'd swim an ocean  
But I fear I'd drown  
Just to escape  
From this place I'm bound  
Nobody told me just how hard  
I would hit the ground  
If I could leave  
If I could only leave  
I would leave right now

It burns you up inside  
There is no truth without lies  
It takes your soul away  
'Cos it's a hard way to learn  
It burns you up inside  
There is no truth without lies  
It takes your soul away  
'Cos it's a hard way  
'Cos it's a hard way  
'Cos it's a hard way to learn

### OUTSIDER 2014

#### SPEED OF SOUND

I gotta stay in the race  
The die has been cast  
That's the way I'm going  
I tried to jump from the river  
That flows so fast  
But it just keeps flowing

It's a hell of a journey  
And I just can't wait  
There's no way I can hide it  
But it's a killer of a storm  
And it looks like fate  
I guess I've got to ride it

Sometimes I can't keep  
My feet on the ground  
I can't let go  
My world is spinning  
Just like the speed of sound  
I can't let go, it's all that I know

Ain't no question  
If you win or lose  
Whether it's cold or rainy  
Gotta find my place  
Whatever I choose  
Never say if or maybe

And there's so many turns  
hat I can see  
In a world that I'm no stranger  
I'm in the race and now  
I can't turn back  
Survive in the face of danger

Sometimes I can't keep  
My feet on the ground  
I can't let go  
My world is spinning  
Just like the speed of sound  
I can't let go, it's all that I know

Sometimes I can't keep  
My feet on the ground  
I can't let go  
My world is spinning  
Just like the speed of sound  
I can't let go  
Sometimes I can't keep  
My feet on the ground  
My world is spinning  
Just like the speed of sound  
I can't let go, it's all that I know

#### ONE MINUTE

*Album version*

I left my home on a wing and a prayer  
One last shot at the great out there  
Gave into chance on a railroad car  
To take my dream to a land so far

## URIAH HEEP LYRICS 1980 - 2018

Miracles happen in a city of fear  
I can say goodbye to my innocence here  
Think what I like, gotta see it through  
One minute you're down  
Then your dream comes true

Standing on a corner  
Waiting in the snow  
Did I make the right decision  
Not sure which way to go

I'm looking for connections  
A friendly face to say

You gotta give it one minute  
One hour, one more day

All the while I'm learning  
Each day a little more  
My confidence will help me  
Through every open door

I made the right connection  
And now I'm here to stay

You gotta give it one minute  
One hour, one more day ...

I gotta hold on to whatever I can  
I'm not alone in this foreign land  
All people are good, that's what they say  
All good things come to those who wait  
Good things come to those who wait

I'm looking for connections  
A friendly face to say

You gotta give it one minute  
One hour, one more day

All the while I'm learning  
Each day a little more  
My confidence will help me  
Through every open door

I made the right connection  
And now I'm here to stay

You gotta give it one minute  
One hour, one more day ...

One minute  
Just one minute, yeah  
One minute ...

### THE LAW

To build a better world  
You gotta tear the old one down  
To free us from this emptiness  
Hell-bent and heaven bound

The pleasures of a normal life  
Turn into decay  
We're no good in time  
When we are falling out of faith

You gotta take the law  
Into your own hands  
You gotta make the law  
Into your own plans ...

You gotta make a sacrifice  
When you hear the sirens calling  
You can take it anyway  
Try to see it as a warning

Part the sea with floods of shame  
Stepping stones on sinking sand  
Everything is there for you  
Turn it into wonderland

You gotta take the law  
Into your own hands  
You gotta make the law  
Into your own plans ...

### THE OUTSIDER

He wants to spread his wings and fly  
But the world won't let him  
He wants to show the people why  
But they want to forget him

He's a lone free rider  
He is the outsider

He sees the shadows closing in  
All is greed and fear  
The world is caught up in a spin  
Blind to what is clear

He's a lone free rider  
He is the outsider

He has really no direction  
Yet he knows he's always right  
When he catches his reflection  
In the middle of the night

The outsider's incantations  
Falling on deaf ears  
While the world's own machinations  
Always end in tears

He's a lone free rider  
He is the outsider

When he gets away to find  
A favoured path to tread  
It always leads him back in time  
To the world that's dead

He's a lone free rider  
He is the outsider

He has really no direction  
Yet he knows he's always right  
When he catches his reflection  
In the middle of the night

He's a lone free rider  
He is the outsider

He has really no direction  
Yet he knows he's always right  
When he catches his reflection  
In the middle of the night  
In the middle of the night

### ROCK THE FOUNDATION

Celestina works for the government  
In a dead end job she dreams  
A wall-flower thinking  
How to change her world  
How to break her sad routine

Power fever giving her an appetite  
So let the games begin  
She will try to use her sensuality  
Whatever it takes to win

The words on the screen say classified  
But she's gonna take a look at what's  
inside

Baby's gonna rock the foundation  
Cos' baby's got a lot to share  
Baby's gonna cause a sensation  
Cos' baby thinks it's only fair  
Baby's gonna rock the foundation  
Cos' baby really doesn't care  
Baby can't resist the temptation  
Cos' baby wants a love affair

Celestina works for the government  
In her own brand new regime  
There's kinda like  
A new understanding now  
That the world has never seen

The words on the screen said classified  
Now she's done away with what's inside  
nationwide

Baby's gonna rock the foundation  
Cos' baby's got a lot to share  
Baby's gonna cause a sensation  
Cos' baby thinks it's only fair  
Baby's gonna rock the foundation  
Cos' baby really doesn't care  
Baby can't resist the temptation  
Cos' baby wants a love affair

She can kill with her steely blue eyes  
Don't get in her way  
Never know what she'll do with her prize  
It's for her to say because

She knows it - Celestina  
Yeah, she's read it - Celestina  
She knows it - Celestina  
She's got it, she's on it - Celestina  
She's gonna show it, oh yeah!

Baby's gonna rock the foundation  
Cos' baby's got a lot to share  
Baby's gonna cause a sensation  
Cos' baby thinks it's only fair

Baby's gonna rock the foundation ...

## URIAH HEEP LYRICS 1980 - 2018

### IS ANYBODY GONNA HELP ME?

The darkness is coming after me  
Like voices in the distance  
They are raging free  
I'm hard, I'm a fighter  
But hiding deep inside  
From the hurt that haunts me  
Until the day I die

I'm asking you  
Is anybody gonna help me?  
I'm asking you

I'm falling, no way I can survive  
Discarded and beaten, try to stay alive  
Be brave, be strong  
Get on my knees and pray  
Or turn and face the ghosts of yesterday

I'm asking you  
Is anybody gonna help me?  
I'm asking you  
Does anybody wanna help me?  
I'm asking you  
Is anybody gonna help me?  
I'm asking you  
Does anybody wanna help me?

Is anybody, is anybody gonna help me?  
I'm asking you  
Is anybody, is anybody gonna help me?  
I'm asking you  
Does anybody, does anybody wanna help me?  
I'm asking you  
Does anybody, does anybody wanna help me?  
I'm asking you  
Is anybody, is anybody gonna help me?  
I'm asking you  
Is anybody, is anybody gonna help me?

I'm asking you  
Is anybody gonna help me?  
I'm asking you  
Is anybody gonna help me?  
I'm asking you  
Does anybody wanna help me?  
I'm asking you  
Does anybody wanna help me?

### LOOKING AT YOU

Take a look at yourself  
You're a little bit wild  
You might sing of freedom  
But you never smile

You set your sights on a dream  
No shadow of a doubt  
You're a lady of power  
And you kicked me out

I'm only looking at you  
I know what's true  
The scars your words  
Have put upon me  
Broke me in two

It's a state of mind  
As you lose control  
If you change your tune  
Then you can change your soul

I wonder why you lied  
Was it something I said?  
Or the stories I heard  
From the lies you spread

I'm only looking at you  
I know what's true  
The scars your words  
Have put upon me  
Broke me in two

When you think it's over  
And the words are clearly written  
Nothing is forgotten  
And nothing is forgiven

Take a look at yourself  
You're gonna come undone  
With the truth wide open  
You're gonna be on the run

I'm only looking at you  
I know what's true  
The scars your words  
Have put upon me  
Broke me in two  
I'm only looking at you  
I'm only looking at you

When you think it's over  
And the words are clearly written  
When you think it's over  
When you think it's over  
When you think it's over

### CAN'T TAKE THAT AWAY

He read his lines right on cue  
He had perfect time  
But who would think that in his life  
He would turn to crime

They said it must have been an act  
The role he had to play  
A stage too far the spotlight glow  
He chose to throw away

Twilight fills his narrow room  
The memory of sweet perfume  
And you can't take that away  
You can't take that away

There's one thing in life  
That you do best  
Just do it well and you  
Can't take that away

Now that he is forced to choose  
And find something to do  
Scraping walls with verse and rhyme  
To help him to get through

But still the thought of who he was  
Sneaks into his head  
Between those dirty sheets  
He's better off alive than dead

Twilight fills his narrow room  
The memory of sweet perfume  
And you can't take that away  
You can't take that away

There's one thing in life  
That you do best  
Just do it well and you  
Can't take that away  
No, you can't take that away  
There's one thing in life  
That you do best  
Just do it well and you  
Can't take that away

Looking back on better days  
He tries to understand  
Why he never asked someone  
To lend a helping hand

The price he paid was governed  
By the grass that was so green  
The headlines hit the world  
And wiped him off the silver screen

Twilight fills his narrow room  
The memory of sweet perfume  
And you can't take that away  
You can't take that away

There's one thing in life  
That you do best  
Just do it well and you  
Can't take that away  
No, you can't take that away  
There's one thing in life  
That you do best  
Just do it well and you  
Can't take that away

### JESSIE

She came just like a hurricane  
She was the daughter born  
Of earth and water  
Then from the darkest cloud  
She pushed on through  
Like a flash of lightning

Oh, you're the wild wind blowing  
Down that rocky road

Jessie can't sleep  
She's in too deep  
She just can't keep away  
Jessie can't dream in colour  
Black or white  
She just sees things her way

## URIAH HEEP LYRICS 1980 - 2018

There with her dirty mind  
She's a desperate child  
Searching blindly  
They couldn't change her ways  
She was running hard towards disaster

Oh, let the wild wind blow  
And carry her away

Jessie can't sleep  
She's in too deep  
She just can't keep away  
Jessie can't dream in colour  
Black or white  
She just sees things her way

She hears the calling of the moon  
In the darkest sky  
As it burnt so brightly  
There when the morning came  
And the flow of life  
Took her power slowly

So let the wild wind blow  
There's no way she can stay  
Oh, let the wild wind blow  
And carry her away

Jessie can't sleep  
She's in too deep  
She just can't keep away  
Jessie can't dream in colour  
Black or white  
She just sees things her way  
Oh Jessie!  
Oh Jessie!

### KISS THE RAINBOW

Sometimes I feel like I could fly  
Away across the ocean  
Good times make me come alive  
Holding no bottled up emotion

That try to rule your life  
And try to break your mind  
That system doesn't work  
So leave it all behind

See the colour, kiss the rainbow  
My heart is strong, my time is free  
Light up your world and you must let go  
You will see there is no mystery

Daybreak, I look across the sky  
And I taste the morning dew  
Seeing your simple smiling eyes  
Look now, a treasure chest awaits you

If you let it in your life  
And let it take your mind  
This system really works  
So leave the rest behind

See the colour, kiss the rainbow  
My heart is strong, my time is free  
Light up your world and you must let go  
You will see there is no mystery

Sometimes I feel like I could fly  
Daybreak, I look across the sky

See the colour, kiss the rainbow  
My heart is strong, my time is free  
Light up your world and you must let go  
You will see there is no mystery

See the colour, kiss the rainbow  
Light up your world and you must let go  
See the colour, kiss the rainbow  
See the colour, kiss the rainbow

### SAY GOODBYE

I gave you my heart  
But you sold it online  
You told me what was yours  
Was gonna be mine - yes, you did

Looking up ahead  
At the walls of sorrow - yeah  
Things had better change  
This time tomorrow

Some will come and some will go  
To a place no one knows

I remember when  
We were together - yeah  
Your reputation changed  
Just like the weather - yes, it did

Some will come and some will go  
To a place no one knows  
Some will come and some will go  
Say goodbye

I'm sick of all the lies  
That you've been saying - yeah  
So don't you dare  
Ask me where I'm staying - oh, no

Some will come and some will go  
So say goodbye  
To a place no one knows  
Some will come and some will go  
Say goodbye, say goodbye  
To a place no one knows  
So say goodbye

### ADDITIONAL SONGS:

#### ONE MINUTE

*Radio edit & 60 seconds version*

Standing on a corner  
Waiting in the snow  
Did I make the right decision  
Not sure which way to go

I'm looking for connections  
A friendly face to say

You gotta give it one minute  
One hour, one more day

All the while I'm learning  
Each day a little more  
My confidence will help me  
Through every open door

I made the right connection  
And now I'm here to stay

You gotta give it one minute  
One hour, one more day  
You gotta give it one minute  
One hour, one more day

I gotta hold on to whatever I can  
I'm not alone in this foreign land  
All people are good, that's what they say  
All good things come to those who wait  
Good things come to those who wait

I'm looking for connections  
A friendly face to say

You gotta give it one minute  
One hour, one more day

All the while I'm learning  
Each day a little more  
My confidence will help me  
Through every open door

I made the right connection  
And now I'm here to stay

You gotta give it one minute  
One hour, one more day ...

One minute  
Just one minute, yeah  
One minute ...

#### ONE MINUTE

*German versions (full version & radio edit)*

Otherwise the same as English versions  
except in chorus the lines:  
"You gotta give it one minute, One hour,  
one more day"  
are replaced by:

stunde, nach ein tag"

### LIVING THE DREAM 2018

#### GRAZED BY HEAVEN

Take a look inside my sensual parade  
Once you're in you'll never go  
Scream into submission  
No design or masquerade  
The best of times you'll ever know

I want more than reality, insanity  
Desperation in disguise

Grazed by heaven  
Testify your soul and we'll begin  
Taste my heaven  
Succumb to your desires and your sins

Colorize me with your physical charade  
You won't leave this night alone  
Feed into my hunger  
Realize I'm not afraid  
Don't disguise what I bestow

I see you melting gradually, come to me  
The best of times is all I know

Grazed by heaven  
Testify your soul and we'll begin  
Taste my heaven  
Succumb to your desires and your sins

It don't feel so dirty  
It don't feel so complicated  
We all got the same goal in mind  
Is it taboo maybe, is it I'm intonicated  
But you know we can't  
Keep it locked inside

I see you melting gradually, come to me  
The best of times is all I know

Grazed by heaven  
Testify your soul and we'll begin  
Taste my heaven  
Succumb to your desires and your sins

#### LIVING THE DREAM

I got the sun and the moon  
On the one hand  
Rise to the future  
It's there to discover

I know I'm living the dream  
A place that I've never been  
I got both feet on the ground  
I see the world turn around

I got the sun and the moon  
On the one hand  
The stars as they're falling  
Down in the other  
You can rely on me  
To show you the way

I got the sun and the moon  
On the one hand  
Rise to the future  
It's there to discover  
The worls is waiting  
This is what you need

It doesn't matter who you trust  
The words are written in the dust

I got the sun and the moon  
On the one hand  
The stars as they're falling  
Down in the other  
You can rely on me  
To show you the way

I got the sun and the moon  
On the one hand  
Rise to the future  
It's there to discover  
The worls is waiting  
This is what you need

Forget the world I once knew  
The dream is pulling me through  
You give your all and you win  
No second chance to begin

I got the sun and the moon  
On the one hand  
The stars as they're falling  
Down in the other  
You can rely on me  
To show you the way

I got the sun and the moon  
On the one hand  
Rise to the future  
It's there to discover  
The worls is waiting  
This is what you need

#### TAKE AWAY MY SOUL

Take away my soul  
See the look upon my face  
That's forever  
Losing all control  
Trying not to fall from grace  
That's forever

We make the same mistakes  
But some they take much longer  
You like to show them to the world  
It's just a photograph  
A shot of space and time  
I put my trust in you  
But now I can't go on

Take away my soul  
See the look upon my face  
That's forever  
Losing all control  
Trying not to fall from grace  
That's forever

If you could only know  
How this makes me feel  
How did we let it get so far  
Stealing my soul away  
For everyone to see  
We can never be the same again  
Oh no, no

I am not a person willing to buy into this  
I'm a free man  
I stand by my own decision  
I made long ago  
I'm a free man  
I am stronger and I go my own way

We make the same mistakes  
But some they take much longer  
You like to show them to the world  
It's just a photograph  
A shot of space and time  
I put my trust in you  
But now I can't go on

Take away my soul  
See the look upon my face  
That's forever  
Losing all control  
Trying not to fall from grace  
That's forever

#### KNOCKING AT MY DOOR

I heard a sound  
There was talking outside my door  
I get up, turn on the light  
There's a shadow across my floor

I go outside, footsteps behind my feet  
I turn around, there's no one there  
Just the silence of a street

Oh, the fear of darkness was upon me  
Too scared to scream, am I going insane?

They've been knocking at my door  
They keep coming back for more  
I don't know them, but still they come

I'm back inside  
There's nothing there I recognize  
I used to dream but this is real  
And it's killing me inside

I hear a voice, the words  
Are running around my head  
I lie down, turn out the light  
Is it something that I said?

Oh, the fear of darkness was upon me  
Too scared to scream, am I going insane?

They've been knocking at my door  
They keep coming back for more  
I don't know them, but still they come  
No place for hiding, no place to run

Tell me when will this nightmare be over  
I begin to fear the sound of my own name

## URIAH HEEP LYRICS 1980 - 2018

They've been knocking at my door  
They keep coming back for more  
I don't know them, but still they come  
No place for hiding, no place to run

### ROCKS IN THE ROAD

When your world crashes down  
Around you  
And you have to face  
The sticks and stones alone  
We need words of comfort to guide us  
When we're somewhere  
On the road so far from home

And you know darned well  
That it's just a little pain  
There's nothing to lose  
And everything to gain

Rocks in the road  
Make us stumble and fall  
Lights go down and we  
Just can't see it all  
But we rise back up and we stand up tall  
Better than we ever were before

All the ways that you  
Conceal your sadness  
How it eats you when you  
Just can't find the door  
And you hide what's there  
Behind your eyes  
You can lead a heart to love  
But you can't make it fall

And you know darned well  
It's just a little pain  
There's nothing to lose  
And everything to gain

Rocks in the road  
Make us stumble and fall  
Lights go down and we  
Just can't see it all  
But we rise back up and we stand up tall  
Better than we ever were before

When you look for a meaning  
And the world that says so much to you  
Unspoken feelings they will  
Never ever pull you through  
When I look to the future  
And the way the world will end  
We have passion for each other  
And we will witness love again

### WATERS FLOWIN'

I walked down to the quay at midnight  
To watch the waters flowin'  
Saw a shadow playin' there  
His audience was growin'

He sang to all the young girls there  
About a deeper yearning  
And all the eyes and all the ears  
Could feel his passion burning

And the people would come  
From miles around  
Just to listen to his sweet sound  
It was every time just about midnight  
Down by the waters flowin'

Na na na ...  
Down by the waters flowin'

Then one night as I was walking  
I felt a sense of fear  
The deep dark water seemed to say  
There's nothing for you here

Then I thought that I saw something  
That chilled me to the bone  
But harbour lights play tricks on eyes  
I turned and headed home

And the people would come  
From miles around  
Just to listen to his sweet sound  
It was every time just about midnight  
Down by the waters flowin'

Na na na ...  
Down by the waters flowin'

No one ever saw the man  
Or heard him play again  
So sad to hear that he had gone  
Then one day upon the sand  
They found his old guitar  
But would it ever play  
That sweet song again?

And the people would come  
From miles around  
Just to listen to his sweet sound  
It was every time just about midnight  
Down by the waters flowin'  
And the people would come  
From miles around  
Just to listen to his sweet sound  
It was every time just about midnight  
Down by the waters flowin'

Down by the waters flowin'  
Na na na ...  
Down by the waters flowin'

### IT'S ALL BEEN SAID

Stop talking, stop speeding  
We're believing everything we're reading  
Still chasing empty words  
Only there to chase the dollar bill  
And back to the news

Sunday morning, the papers say  
That my luck was gonna  
Change for good this time

The rumours run, we guard the Times  
Against the Independent Sun  
We scream for words, the story's out  
And all before your day's begun

Show our darkest hours  
There under the spotlight  
Who will be the star  
Who will win the prize fight

Read the headlines every day  
Did a killer run amok on Broadway  
Stop talking, it's all been said  
We've been addicted and  
We hunger for the very next line

Monday morning, the paper told me  
That the world would maybe end  
But that's old news

The city, the pressure  
See celebrity and crime together  
Stop talking, it's all been said  
So many stories and it makes you wonder  
They're all the same  
But just a different colour  
We've been addicted  
And we hunger for the very next line

### GOODBYE TO INNOCENCE

9 o'clock on Monday morning  
Always running late  
Prior to commitments  
She would always miss the gate  
Now it was pretty obvious  
That she was teacher's pet  
But just like any teenage boy  
We took what we could get

To say goodbye to innocence  
What she's teachin'  
You don't learn at school  
So say goodbye to innocence  
She's breakin' all the rules  
And she's nobody's fool

Turning up for classes  
She was never there on time  
And what she had been up to  
Was on every schoolboy's mind  
Young imaginations  
Left to wonder can go wild  
But she was no delinquent  
She was just a wild child

So say goodbye to innocence  
What she's teachin'  
You don't learn at school  
So say goodbye to innocence  
She's breakin' all the rules  
And she's nobody's fool

## URIAH HEEP LYRICS 1980 - 2018

Every school has got one  
But they're sometimes hard to see  
Flirtatious confrontations  
Always been the death of me  
Now you could make her master class  
If she gives you the glance  
But if you're late, make no mistake  
They'll be no second chance

To say goodbye to innocence  
What she's teachin'  
You don't learn at school  
So say goodbye to innocence  
She's breakin' all the rules  
And she's nobody's fool

### FALLING UNDER YOUR SPELL

I see it, I feel it, temptation calls  
I hear it, she haunts me as darkness falls  
She's standing in the hallway  
And my head begins to spin  
With this brand new fascination  
It's a game that I cannot win

Falling under your spell  
So let the magic begin  
Falling under your spell  
Whoa, it draws me in  
Falling under your spell  
I'm beginning to see the light  
Falling under your spell  
I know, I know

I just can't believe it, she'll have her way  
I follow she leads me, I have no say  
I see by her expression  
As she keeps me hypnotised  
I can't control this feeling  
It's more than I realised

Falling under your spell  
So let the magic begin  
Falling under your spell  
Whoa, it draws me in  
Falling under your spell  
I'm beginning to see the light  
Falling under your spell  
I know, I know ...

### DREAMS OF YESTERYEAR

Let me tell you how it was  
So many years ago  
When lives were lived  
In dreams without a care  
Those days will always be mine  
There to last a lifetime  
And take with me anytime anywhere

Those thoughts were of a different time  
They seem like yesterday  
But society had written different rules  
The world was rearranging  
And our whole life was changing  
Our ways of thinking  
Came from different schools

But all the while our hearts were one  
As love brought us together  
The pain of youth will drown in ecstasy  
The more things tend to change  
The more the young will make it better

And so we hold on tightly  
To those days that made us smile  
Those distant feelings  
Help me through the day  
And though I should know better  
To live the past forever  
It stays with us and never goes away

But all the while our hearts were one  
As love brought us together  
The pain of youth will drown in ecstasy  
The more things tend to change  
The more the young will make it better

But all the while our hearts were one  
As love brought us together  
The pain of youth will drown in ecstasy  
The more things tend to change  
The more the young will make it better
