

Uriah Heep

A Visual Biography

Martin Popoff

With Kevin Julie on images

Publication date: 16th April 2021

RRP: £59.99

ISBN: 978-1-912782-56-7

Hardback: 297 x 210mm, 240pp.

The publication of Martin Popoff's **Uriah Heep: A Visual Biography** is something of a bitter-sweet event given the recent news.

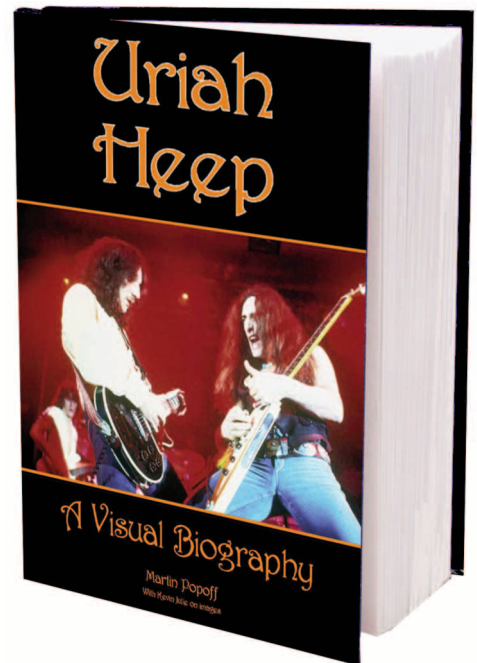

Following the very sad loss of Lee Kerslake in September 2020, Popoff — having interviewed various band members over the past few years — was all set to conduct another interview with Ken Hensley in mid-November when the tragic news of Ken's sudden departure reached Heep fans around the world.

Undeterred, the decision that had already been made to immortalise **Uriah Heep** with a comprehensive visual biography remained.

Popoff's celebrated and detailed timeline takes us through more than fifty years of massive rock history from this much-loved band.

From the early days with legendary front man David Byron, through the John Lawton years; the John Sloman and Pete Goalby fronted periods and from 1986 with Bernie Shaw taking centre stage; all eras are comprehensively covered.

This differs from previous **Uriah Heep** books with the inclusion of so many previously unpublished photos, along with rare memorabilia and artefacts that makes this an indispensable addition to the vast **Uriah Heep** catalogue.

Customers who pre-order by 31st January can have their names printed on a dedicated fan page.
